Certificate OF Guarantee

We GUARANTEE that each and every article in our catalogue or any other quotations sent to you by us is exactly as described and represented.

We GUARANTEE our materials in every respect to our Customers. If through our error any items are unsatisfactory or incorrectly furnished, you may return such material at our expense, and we will return your money, also we will pay all freight bills, or, we will exchange such goods for correct materials WITHOUT COST to you.

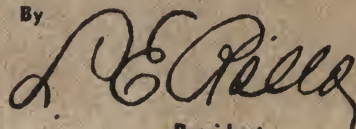

This GUARANTEE covers replacement of shortages and materials damaged in transit, if any, provided the instructions of our "Safe Delivery" pledge (see other side) are complied with; and further, we unreservedly GUARANTEE to make good all Unsatisfactory Materials when those Materials are not Equal to or Better than the Grades Specified.

This GUARANTEE is backed by the ENTIRE RESOURCES of our CONCERN and by a RELIABILITY and EXPERIENCE of over 30 years' operation in serving CUSTOMERS with LUMBER MILLWORK and HARDWARE.

SAFE DELIVERY GUARANTEE

ON CONDITION THAT YOU COMPLY WITH THE FOLLOWING INSTRUCTIONS

If goods do not arrive within a reasonable time, notify us, and our Traffic Department will promptly trace the shipment until it arrives at destination.

HAVE YOUR RAILROAD AGENT MARK EVERY SHORTAGE, BREAKAGE OR DAMAGE ON FREIGHT BILL

Do not sign receipt or pay freight or express charges until you have compared the number of bundles, pieces, etc., called for on our Bill of Lading, with that shown on the freight bill, and if there is any evidence of shortage, breakage or damage of any kind, have railroad agent make notation to that effect on the freight bill, before you accept shipment. Then notify us at once and enclose the marked freight bill. If there is any shortage, we will trace missing material and in case it does not turn up in a few days, will duplicate it free of charge on condition that the missing items will be refused by you in case they arrive afterward. In case of breakage or damage if there is not time to return goods for repairs, have articles put in good condition locally, send us bill and we will send you check for the amount.

These instructions apply on all shipments, whether transportation charges are prepaid or collect. Follow these instructions and we guarantee to stand between you and any possible loss or damage.

Have agent note any shortage on freight bill.</p>

HOW TO ORDER

If you are now ready to send us that order - don't hesitate - Send it - the only important requirement is that you send it to us so described that we will ship you exactly what you need.

Don't go into very elaborate descriptions of items that we show in our Catalog, but instead list the quantity - the size - the number of the design - and then we have it all and if you wish to, you may give Catalog page to indicate still more definitely what you have chosen and where from.

On any items not so easy to describe - maybe not listed in our Catalog No. 76, give brief description and give us a rough pencil sketch if simple and easy, as such many times more correctly describes and conclusively shows what is required more so than a page of descriptive writing.

We do not ask you to use any special printed order forms - send the orders on your own letterhead - or blank sheets - or write on the bottom of any letter quotations we may have sent or on any estimate copy received from us - just so we read that it is an order, that is all we need.

For terms of payment, which you naturally must mark on your orders, please refer to sheet 3, of which this sheet is the back, and choose your payment arrangements and mark them on the order or send check or Postal Money order along with the order.

When ordering Odd Sash or Special Size Windows, always show the outside measure of sash or window that is the measure to fit into the frames. List width first - Then height - Riverdale's Special Sash department gives you real snappy service.

SPECIAL BIDS

Our Catalog No. 76 is not a Chinese puzzle arranged with a lot of trick price problems, but instead you will find everywhere Clear - Concise - Definite Prices that show without a dozen extra additions or percentage discounts, etc. what our goods sell for to you NET - F.O.B. CHICAGO.

While we have arranged our prices so our customers can price their orders correctly, we do not wish to have you think we are not interested in making special quotations to you. On the contrary, we invite you to prepare a list of your Lumber and Millwork needs with all other Building necessities we deal in and send it to us at Riverdale for our F.O.B. Cars your town price, freight paid by us. We mail out a large number of such bids to our customers every day. We invite you to give this a try-out on any and all items where you prefer to have your cost freight paid to your station.

If you have a plan or a rough sketch that shows exactly what Millwork you require a bid on, send such papers to us by mail and you will receive our bid with a carefully prepared list of the materials covered by our quotation.

We can furnish you with plans as advertised in former issues of our Catalogs - See Catalog No. 73, they are not costly. A bid covering all Lumber, Millwork and Hardware needed is sent with every stock house plan you buy.

On Architects specially prepared owners home plans we are in excellent position to furnish your needs and solicit the privilege to quote on the Millwork which we select from your plans and on the Lumber listed by you and submitted to us.

A Salesman for a Scottish Company, held up in the Orkney Islands by a bad storm, telegraphed to his firm in Aberdeen: "Marooned here by storm; wire instructions." The reply came collect: "Start summer vacation yesterday."

Wife: "No, I did not sew a button on your trousers; I was too tired. Which is the more important, any-way - your wife, or your trousers?" Husband: "There are places I can go without a wife."

We do not stop playing because we grow old. We grow old because we stop playing.

A man is like a tack; he can go only as far as his head will let him.

IT PAYS TO ADVERTISE.
Customer: "Why don't you advertise?"
Merchant: "No, sir, I tried that once and it pretty near ruined me."
Customer: "How was that?"
Merchant: "People came in here and bought darned near everything I had."

The old-fashioned houses
The ramshackle houses
We speak of these houses
With low bated breath
Their timbers are wormy
Their insides are germy
To live in these houses
Means sickness and death
They had bed rooms aplenty
Some twenty by twenty
And children to fill 'em
A dozen or so
When a new Ned or Nell
They just added an ell
And the house was complete
for the time
As you know.

And to you who inherit
Regardless of merit
These houses your dads
Were contented to own
You'll find it surprising
How discreet modernizing
Will make of these houses
Quite charming old homes.

WHY HE COULD NOT REMIT

My Dear Banker: I wish to inform you that the present condition of my bank account makes it impossible for me to send you a check. My present condition is due to Federal laws, State laws, County laws, Corporation laws, By-laws, Brother-in-laws, Mother-in-laws, and Outlaws. Through which, I have been held down, held up, walked on, sat on, flattened and squeezed until I do not know where I am. These laws compel me to pay a merchants' tax, capital stock tax, property tax, auto tax, gas tax, water tax, light tax, cigar tax, street tax, school tax, syntax and carpet tax. I am suspected, expected, inspected, disrespected, examined, re-examined, required, commanded and compelled until all I know is that I am supposed to provide money for every known need, desire or hope of the human race, and because I refuse to donate to all, I am cursed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, held down, and robbed, until I am nearly ruined.

OPTIMISM

Optimism is a product of a man's heart rather than of his head, of his emotions rather than of his reason; and on that account it is rather frowned on by intellectuals whose training leads them to depend solely upon the qualities of the intellect and to look with suspicion on any product of the emotions. Optimism is a mixture of faith and imagination, and from it springs the vision which leads one from the beaten paths and carries him to achievement where pessimism can only see failure. Optimism means energy, hardship, achievement. Pessimism means apathy, ease, and inaction. Optimism may and often does point to a road that is hard to travel, but pessimism points to no road at all.

Man will create little unless faith in his own powers furnishes the incentive to constant effort. Optimism is one thing that is within reach of us all, no matter how meager our intellectual equipment, how unpromising our outlook, or how obscure and limited our careers seem to be.

Asked to pray for warm weather so that her grandmother's rheumatism might pass away, a 6-year old girl knelt and said, "Oh, Lord, please make it hot for Grandma."

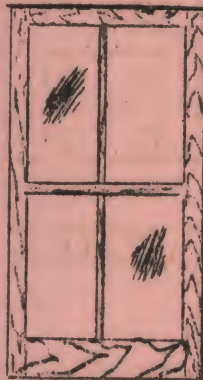

--Miss L.W., Chicago

The man who brags, "I run things at my home" usually refers to the lawn mower, furnace, baby carriage and errands.

A friend seeing a Scotchman wheeling two bicycles down the street, stopped him to find out how come. "Well ye see," explained Sandy, "I thought it was a fine day to go for a ride so I went around to see my girl and she got her bicycle and we rode out on a lovely country road. After we'd been riding for a while we came to a large tree with shade and moss around it, and Maggie suggested that we sit down and rest. Well, it was a fine day and Maggie is a pretty girl and so I put my arm around her waist an' kissed her a few times. Pretty soon Maggie put her arms around my neck and she says, 'Sandy, ye can have anything I've got', so I took her bicycle."

"That blond cutie reminds me of a good insurance policy."

"In what way?"

"She has a high cash surrender value!"

We note that the romance of Claudette Colbert and the handsome young throat specialist is reported to be love at first sight. They both said "Ah."

A fellow went to the doctor with a bad case of pyorrhea. The doctor studied the case for a few minutes and then scratching his head, he asked: "You don't remember where you might have caught this, do you?" The young fellow racked his brain. "No, I don't," was the reply. "Think hard. Do you remember kissing any one?" the doctor prodded. "Come to think of it," said the young man, "I did kiss a young lady I met on the train not so long ago!" "Didn't you take any precaution?" asked the doctor. "Yeah, Doc," came the reply, "I gave an assumed name!"

The old chiseler limped painfully up to the bar and leaned against it in an attitude of dejection.

"What's the matter?" asked a sympathetic friend. Have an accident?"

"No," replied the chiseler, "I've just had a touch of the yooors."

The sympathetic guy scratched his head. "What's yooors?" he wanted to know.

"I'll take a straight whiskey thanks."

The teacher was having her trials and finally wrote the mother: "Your son is the brightest boy in my class but he is also the most mischievous. What shall I do?"

The reply came duly: "Do as you please. I am having my own troubles with his father."

Mrs. Roosevelt has written an article on Curiosity. The first thing we'd like to know is who taught the younger Roosevelts to drive.

Not Father and Son in a stern, solemn way,
But chums and good partners at work or at play!
Not Father and Son separated by fear,
But comrades in friendship and honor and cheer!
Not Father too busy to care for his boy,
Not Son thinking only of personal joy,
But let each be true to the love in his heart
And nothing can draw Son and Father apart!

Not Father and Son for a day or a week,
But loyal companions who constantly seek
To make life a happy adventure in fun,
And welcome the glory of each morning sun
With eager delight, for to them it extends
A chance to become closer comrades and friends.
Oh, nothing could ever mean more to a lad
Than making his place as a pal of his Dad!

Three jolly loggers were in the big city getting their teeth fixed and wandered into a theatre. The orchestra swung into a classical piece and the three stews listened in silence.

"That's purty good music," commented one knowingly. "Wonder what they're playing?"

"That's the Sextette from Lucia," stated the middle one positively.

"Nuts!" declared the third. "It's Tales from Hoffman."

Just then a large placard hung on a post attracted the eye of the first souse. "We might as well settle it right now," he said, "before we git to fightin." Getting unsteadily to his feet, he teetered carefully over to the post and focused his eyes on the print. Then he returned to his seat.

"Yer both wrong," he announced triumphantly. "It's the Refrain from Spitting!"

One dark and stormy night the sheriff, campaigning for re-election, came to the farm home of a pretty young widow.

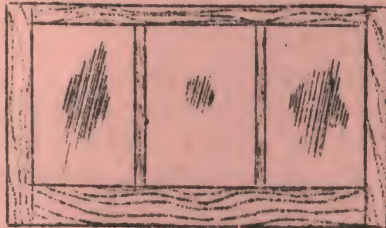

"Just let me have a bite to eat," he pleaded, "and I'll sleep in the barn. With you being all alone and me running for office, it wouldn't do for me to sleep in the house. Somebody would start a lot of gossip."

So the sheriff slept in the barn. When he tumbled out next morning he looked into the barnyard where a dozen heifers were romping about. Then he saw the pretty widow pick up a pitchfork and walk over to where a prize bull was sleeping in the straw.

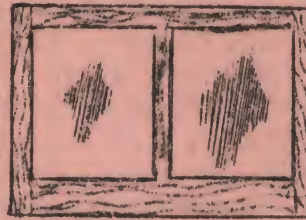

"Hey, you!" she shouted, prodding the animal with the fork, "do you think you're running for sheriff, too?"

A REPORTER'S INNING
From "The Atlantic Log."

Most every Society Reporter at some time or another hankers to report the truth about a society wedding. Here is a piece of copy handed to a city editor:

"This may be the last issue of The Tribune, but my life ambition has been to write up one wedding and tell the unvarnished truth. That done, death can have no sting.

"Mr. Robert Chetway and Miss Alice Broadkin were married at noon, Monday, at the home of the bride's parents, Mr. and Mrs. P.D. Broadkin, Rev. M.L. Gassoway officiating.

"The groom is a popular young bum who hasn't done a lick of work since he got shipped in his junior year at college. He manages to dress well and keep a supply of spending money because his dad is soft hearted and takes up his bad checks instead of letting him go to jail where he belongs.

"The bride is a skinny, fast little idiot who has been kissed by every boy in town since she was 12 years old. She paints like a Sioux Indian, sucks cigarettes in secret and drinks mean liquor when she is out joy-riding in her dad's car at night. She doesn't know how to cook

or sew. The house was newly plastered for the wedding and the exterior newly painted, thus appropriately carrying out the decorative scheme, for the groom was newly plastered also, and the bride newly painted.

"The groom wore a rented dinner suit over athletic underwear of imitation silk. His pants were held up by pale green suspenders. His number eight patent leather shoes matched his state of tightness and harmonized nicely with the axle grease polish of his hair.

"In addition to his jag he carried a pocket knife, a bunch of keys, a dun for the ring and his usual look of imbecility.

"The bride wore some kind of white thing that left most of her legs sticking out at one end and her bony upper end sticking out at the other.

"The young people will make their home with the bride's parents—which means they will sponge on the old man until he dies and then she will take in washing."

A negro was brought before a southern judge for speeding in an old tin lizzie, charged with going at the rate of forty miles per hour.

"What have you got to say for yourself?" asked the judge.

"I wasn't goin' more than ten miles an hour," replied the negro.

"Have you a speedometer?" asked the judge.

"I don't know what it is, and I ain't got one," replied the negro, "but I've got something that beats 'em all hollow."

"What is it?" asked the judge.

"It's a cuckoo clock. When Ah goes at ten miles an hour the fenders rattle; when Ah goes at twenty miles an hour, the whole top rattles; and when Ah goes at forty miles an hour the old cuckoo sings 'Nearer My God to Thee.'"

Telephone Operator: "I have your party. Deposit 5 cents, please."

Voice from Pay Station: "Whaz Zat?"

Operator: "Please deposit your money."

Voice from Pay Station: "Listen; what I want is conversation with a friend, not financial advice from a stranger."

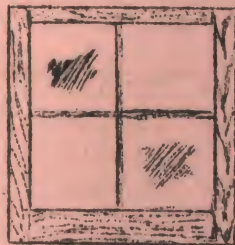

A certain high school teacher, who at times is rather blunt in speech, remarked to his class of boys at the beginning of a session, "I don't know why it is -- every time I get up to speak some fool talks." Then he wondered why the boys burst out into a roar of laughter.

Speaker: "My Friend, I think that
 Franklin D. Roosevelt is the great-
 est man this country has seen."

Farmer: "I am agin him."

He was genuinely enthusiastic about
 the virtues of temperance, but his
 face made people doubt him.
 Toward the close of his lecture he
 squared his shoulders, held his
 rather large head erect, and said:
 "I have lived in this town all my
 life. In this town there are
 fifty-five saloons, and I am proud
 to say that I have never been in
 one of them."

Speaker: "Don't you know that be-
 hind every man there is a supreme
 power which controls and influ-
 ences him?"

Farmer: "I am agin her, too."

Then came a voice from the back:
 "Which one is that?"

The sweet young thing was looking
 over furniture for the new home.
 "I can't make up my mind whether
 I want a brass or a mahogany bed,"
 she said.
 "Madam," replied the clerk, earnest-
 ly, "you can't go wrong on a brass
 bed."
 So she took a mahogany one.

A little experience often upsets
 a lot of theory.

THE FROST SPIRIT

He comes - he comes - the Frost
Spirit comes!
You may trace his footsteps now
On the naked woods and the blasted
fields,
And the brown hill's wither'd brow.
He has smitten the leaves of the
gray old trees
Where their pleasant green came
forth,
And the winds, which follow where-
ever he goes,
Have shaken them down to earth.

He comes - he comes - the Frost
Spirit comes!
From the frozen Labrador -
From the icy bridge of the
Northern seas,
Which the white bear wanders o'er.
Where the fisherman's sail is
stiff with ice,
And the luckless forms below
In the sunless cold of the
atmosphere
Into marble statues grow!

He comes - he comes - the Frost
Spirit comes!
Let us meet him as we may,
And turn with the light of the
parlor fire,
His Evil power away;
And gather closer the circle round
When that firelight dances high
And laugh at the shriek of the
baffled
Fiend as his sounding wing goes by.

- Whittier -

PERFECTION

IN STORM SASH

You do not have to use special
caution in measuring openings if
you order "RIVERDALE" Storm Sash.
They fit all types of buildings,
the best glass is used, the best
putty is used.

You may have complaints on Storm
Sash when they fit short or narrow
but we have the first complaint
yet to receive where an Owner or
Carpenter objected to surplus fit-
ting width or surplus fitting
height which comes in mighty useful
on sagged frames.

THE ZENITH OF PERFECTION

has been reached with RIVERDALE
Storm Sash. They are "ROT-PROOFED."

PROGRESS

'Tis well to take things as they be,
In peace, or strife, for weal or
woe,
But 'tis not up to you and me,
To sit inert and leave them so.
If things are wrong, let's make
'em right;
If things are dull, let's make
them bright.
And if they're good, 'tis well
to plan
To make them better if we can.

- John K. Bangs -

VARIETY IN STORM SASH. "ROT-PROOFED"

The Retailer is best served where
his selection is greatest. Do you
know of any Wholesaler who carries
in stock a greater or as large a
selection of Storm Sash as Riverdale?
But why say Storm Sash? Just say
that RIVERDALE excels all other
Wholesalers in selections on any
building materials.

A Friend in Need: The midday-
whistle had blown when Murphy
shouted, "Has anyone seen me vest?"
"Sure, Murphy," said Pat, "and
ye've got it on."
"Right and I have," replied Murphy,
gazing solemnly at his bosom, "and
it's a good thing ye seen it or I'd
have gone home without it."

Pat: "Why are you wearing so many coats on such a hot day?"

Mike: (Carrying paint cans) "I'm going to paint me fence, and it says on the can - "to obtain best results put on at least three coats."

A passer-by stopped to watch an old man weeding his garden. "Which weeds do you consider the easiest to kill?" he asked. "Widow's weeds," answered the old man. "All you have to say is "wilt thou" and they wilt."

Jones leaned over the garden fence. "I say, old man," he said to his neighbor, "I understand that you have Smith's new rake." The neighbor nodded. "Good" said Jones. "If you'll let me borrow his rake occasionally, I'll let you use Brown's lawnmower whenever you need it."

He: "Why did you quit your job?"
She: "The boss was so bowlegged I fell through his lap."

DIRECTIONS FOR ORDERING AND MAKING LISTS FOR ESTIMATES

Follow them, giving all particulars, and we can figure your lists and enter your orders immediately. Otherwise we are obliged to write for more information.

GIVE WIDTH FIRST- THEN HEIGHT

In all Millwork this is the universal rule:

2-5x1-4 always means 2-5 wide by 1-4 high.

1-4x2-5 always means 1-4 wide by 2-5 high.

WINDOWS AND SASH

TERMS USED AND WHAT THEY MEAN

Sash indicates a single piece.

Window means two pieces, an upper and a lower sash, made with either plain or check rail.

For regular sizes, give all the following information in the order named: 1st--Size of Glass. 2nd--Number of Lights. 3rd--Thickness of wood. 4th--If Windows, whether Plain or Check Rail. 5th--State if Open or Glazed and describe kind of Glass required.

FOR ODD SIZES GIVE SIZE OF OPENING TO BE FILLED, IN ADDITION TO ABOVE DESCRIPTION. Measurements in inches always mean glass size; in feet and inches they mean the outside measure or opening.

ILLUSTRATION:

1 Sash 24x36 - 1 lt. means glass size.

1 Sash 2-4x3-5 1-3/8 - 1 lt. means the opening size is 2 ft. 4 in. wide and 3 ft. 5 in. long.

DOORS

Always give all the following particulars in the order named:

1st--Width. 2nd--Height. 3rd--Thickness. 4th--Quality. 5th--Number and Arrangement of Panels. 6th-- If Door has Name or Number, give that. 7th--If Door is Glazed, state size of Glass and whether D.S.- 3/16 Crystal - Polished Plate- or Obscure - See Sheet 118.

MOULDING AND CABINET WORK

BE SURE TO SPECIFY KIND OF WOOD WANTED

If Cases set in Wall Recess, send sketch showing size of opening.

IMPORTANT--If you give numbers from any other catalogue, state whose book and date of issue.

Splendid Quality has made our Millwork Popular.

STAIR MATERIAL

BUY OUR STOCK STAIR MATERIAL AND SAVE

"Stair Building" is no mystery when you use our Stock Stair Material.

No branch of the building business is less understood than the erection of stairs. It is generally believed to be complicated and difficult, but this idea is entirely erroneous and any carpenter will find it a very simple under-taking to select his material from this book and put up his stairs without delay, and at a saving he cannot afford to overlook. On Sheets 88 to 90 we have illustrated and priced a selection of stairwork parts that will answer all general requirements. The designs are so arranged as to simplify ordering and show at a glance exactly what each article costs. Every necessary piece of stairwork may be easily and quickly located and the possibilities of a mistake are entirely eliminated.

HE DIDN'T DO IT!

The School Board were visiting one of the out yonder district schools. The teacher was so anxious to make a showing that she had gotten the pupils so nervous that they didn't know which end they were on. She asked one lad "Who signed the Magna Charta? The boy was up in the air like a pitcher with the bases full and the heavy batters coming up, "I - I - didn't do it." Then an old tobacco-chewing backwoodsman member of the board leaned forward and said, "Hold on there! Call that boy back! I don't like his manner! I believe he did do it!"

CELEBRATING

"Isn't it awful? I refused to marry Bob last month and he's been drinking ever since."
"Seems to me that's carrying a celebration too far."

Frosh. "How about a date sometime?"
Senior Co-ed. "I can't go out with a baby."
Frosh. "Pardon me, I didn't know."

"What are they moving the church and the schoolhouse for?"
"I'll tell you. I'm mayor of this here diggin's and I'm in fer law enforcement pure an simple. We've got an ordinance what says they hain't to be no saloons within 300 feet of a church buildin' er school-house, and so we're movin' the church an' the school."

A little boy went to a neighbor to borrow a pair of scissors. She asked him if his mother didn't have a pair, and he said, "Yes, but hers won't cut tin."

WHY THE JOKES?

Some ask this about our PRICE BOOK- Well let's be honest - We know that we all read the humor and we hope that in doing so, you will also stop - look and listen to our appeal for orders for the attractive goods we offer you at attractive prices. Do you read and study our stocks - prices shown in this book? If so we are satisfied it will bring us some of your orders- if not today, it may be tomorrow. Examine every sheet in the book - it's like a visit through our Riverdale warehouse only not nearly as impressive.

FIREWOOD.

By MILDRED S. FERGUSON

No treasure chest that I could
build

Out of this fallen tree.
Would hold these precious magic
things

That it has given me:

An oriol's song in summer wind,
Spring sunlight after rain,
Witch-laughter on an autumn night,
Blue shadows where the snow has
lain.

So into quartered firewood
The ancient trunk shall go -
I'll count my treasures while I
dream
Before the fire-glow.

- Country Gentleman -

The old fashioned girl who stepped
out as fit as a fiddle now has a
daughter who comes home as tight
as a drum.

The lady. "Did you notice that pile
of wood in the yard."
"Yes'm I seen it."
"You should mind your grammer. You
mean you saw it."
"No'm. You saw me see it, but you
ain't seen me saw it."

"What under the sun is the matter with you, Pat?" said his wife, "running all over the house taking that medicine? Yesterday you were hopping around on one foot."
"Well," said Pat, "didn't the doctor tell me to take it two mornings running and then skip a morning?"

- Mrs. H.J.R. Joliet. -

"When I meet a man whose name I cannot remember," Disraeli said, "I give myself two minutes; then if it is a hopeless case, I always say, 'And how is the old complaint?'"

Once a year a man takes a number of newsboys for an outing, going up the river where they can swim and bathe.

As one little boy was getting into the water, another said, "Say, you're mighty dirty."

"Sure," replied the other, "I missed the train last year."

Fir Sash are not anything new, they have been used exclusively in California, Oregon and Washington for years although the largest factories making Ponderosa Pine Sash are located on the Pacific Coast. You have had Fir Barn Sash from us recently - you know they are far superior to Ponderosa Pine. Barn Sash need not be so good - our Fir Barn Sash are altogether too good.

Now we have 100% Edge Grain Heart Old Growth Yellow Fir Prefitted Windows - something very much better than anything you ever saw. They have eased edges - - are so smooth you can rub your hand over them in any direction and never get a splinter. All you have to do is to tie on your sash cord and slip the Window in the Frame, as they are already fitted even to cutting off the Check Rail at the Parting Stop.

Once you use Fir Windows you will never use anything else. They will never rot - - in fact, will outlast the rest of the building.

DIRECTIONS FOR ORDERING WINDOWS AND SASH

Time, annoyance and expense can be saved by
noting and following closely the suggestions below: -

We will understand all ORDERS and INQUIRIES are for
Regular WESTERN SIZES and layout as described on
Sheets 5 to 16 inclusive, regardless of what locality
order is from unless specifically ordered otherwise.

If OHIO or INDIANAPOLIS openings are required, orders
must clearly indicate so.

BE EXPLICIT IN ORDERING

DO NOT ASSUME THAT WE KNOW WHAT YOU WANT.

Always give WIDTH first - LENGTH or HEIGHT second -
then THICKNESS.

Always use inches to designate Glass Size, and feet
and inches for Opening Size, that is outside
measurement.

Viz:- 1 Sash 24x24 - 1 lt. 1-3/8" Glazed, OSM 2/4x2/5

Always state whether OPEN or GLAZED - otherwise we
will assume SASH, WINDOWS and DOORS with lights are
wanted - GLAZED.

The wife of a certain bishop was
very ill, and required a serious
operation. As she recovered from
the anaesthetic she was heard to
murmur, "Am I in heaven? Am I in
heaven? No, there's John."

Irving: "We'd have won that foot-
ball game if our captain hadn't
lost his head."

Frances: "Mercy! Was it as bad as
that? I heard it was only an ear."

Pretty Waitress: "I must take a
vacation. I'm afraid my beauty is
beginning to fade."

Proprietor: "What makes you think
so?"

Waitress: "The men are beginning
to count their change."

She: "Did the doctor do anything
to hasten your recovery?"

He: "Yes, he told me he would
charge \$3 for every treatment."

QUALITY OF OUR STAINED-WOOD-SHINGLES

The attractive Beauty, Uniformity of colors and lasting quality are the preferred essentials that have created a real demand for our STAINED SHINGLES.

Best grades of shingles are used.
Best pigments & creosotes are used.
Best individual dipping process is used.

- NONE BETTER -

Ask us for sample of any of our stock colored Shingles when in the market.

DON'T FORGET - Riverdale's Stained Wood Shingles are Carton Packed - Free from dust or damage.

Telga, the waitress, always kicked open the swinging door into the kitchen with her right foot. One day the boss called her on this practice.

"Telga," he said, "don't you know that you kick that door 150 times a day, 1,050 times a week, 4,200 times a month and 50,400 times a year? It will make your right foot larger than the other."

"Vell, vot you tank Ay should do?" asked Telga.

"Why, turn around and back through the door!"

"How are your children getting along?"

Gangster: "Oh, fine. Tony wants to be a racketeer, and Molly wants to be a chorus girl."

"But what happened to Al?"

"Oh, we had to kill him. He wanted to go to college."

If European nations want to borrow more money from us to finance another war, here's our answer: Let 'em use the money they borrowed last time. They still have it.

HOW TO ORDER

If you are now ready to send us that order - don't hesitate - send it - the only important requirement is that you send it to us so described that we will ship you exactly what you need.

Don't go into very elaborate descriptions of items that show in our Catalog, but instead list the quantity - the size - the number of the design - and then we have it all and if you wish to, you may give Catalog page to indicate still more definitely what you have chosen and where from.

On any items not so easy to describe - maybe not listed in our Catalog No. 76, give brief description and give us a rough pencil sketch if simple and easy, as such many times more correctly describes and conclusively shows what is required more so than a page of descriptive writing.

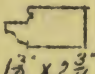

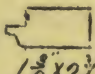

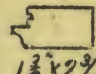

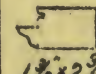

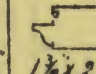

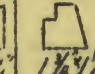

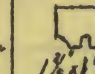

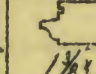

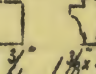

We do not ask you to use any special printed order forms - send the orders on your own letterhead - or blank sheets - or write on the bottom of any letter quotations we may have sent or on any estimate copy received from us - just so we may read that it is an order, that's all we need.

For terms of payment, which you naturally must mark on your orders, please refer to sheet 4 and choose your payment arrangements and mark them on the order or send check or Postal money order along with the order.

When ordering odd sash or special size windows always show the outside measure of sash or window, that is, the measure to fit into the frames. List width first - then height. Riverdale's special sash department gives you real snappy service.

HELP WANTED DEPARTMENT

Job Wanted - Girl who is slow at
short hand would like position with
boss who stutters.

Understanding is the first great
need in all human relations.

It's all right to dress well, but
remember the creases in your pants
are of less importance than the
creases in your forehead.

"A man cannot directly choose his
circumstances, but he can choose
his thoughts, and so indirectly,
yet surely shape his circumstances."
- James Lane Allen -

Opportunity knocks often - but
some people are too busy knocking
the other fellow to hear it!

Successful men do the best they
can with conditions as they find
them and seldom wait for a better
turn.

- Young -

INTERESTED IN THE FUTURE

Page - Your highness, there's a
handsome stranger to see you. He's
heard that you are the most beauti-
ful clairvoyant in the land.

Mystic - Does he want to find out
about the future?

Page - Yes, he wants to find out
what you're doing Saturday night.

DON'T QUIT!

When things go wrong as they some-
times will
When the road you're trudging
seems all up hill,
When the funds are low and the
debts are high
And you want to smile, but you
have to sigh.
When care is pressing you down a
bit,
Rest, if you must - but don't you
quit.

Life is queer with its twists and
turns,
As everyone of us sometimes learns,
And many a failure turns about
When he might have won had he
stuck it out;
Don't give up though the pace
seems slow -
You may succeed with another blow.

Success is failure turned inside
out -
The silver tint of the clouds of
doubt.
And you never can tell how close
you are,
It may be near when it seems afar;
So stick to the fight when you're
hardest hit -
It's when things seem worst that
you must not quit.

The joke that always seems spar-
kling to George Ade concerns the
man who, when asked if his wife
was entertaining this winter.
replied, "Not very."

THE LITTLE DEAR

Little Sister, two and a half, was
being rushed through her bath one
day and was about to be slipped
into her nightie.

"Mother, you didn't wipe my tuffet
dry," complained Sister.

"Your tuffet!" asked Mother.

"Where is your tuffet?"

"Little Miss Muffet sat on her
tuffet," recited little sister in
a perky voice.

SEND RIVERDALE YOUR FRAME PUZZLES

MANY OF OUR CUSTOMERS SUBMIT TO US THEIR FRAME TROUBLES - Don't be bashful -- Our information is free - Costs you nothing.

When Archie Blinks reached one and twenty
The things he thought he knew were plenty.

By twenty-six his book of knowledge
Was swelled by eight long years of college;

And thirty found him--well, not lesser--

Some called him "Doctor," some "Professor."

By thirty-five he knew it all
And life took on an awful pall.

At thirty-nine he said, "I'm through,
There's nothing left to see or do."

Imagine how it hurt this haughty
To learn that life begins at forty.

The boat had just left Portland
when a sprightly little flapper
stowaway was discovered in a life
boat. The captain ordered her sent
to his cabin.

"I don't know what to do with
you, I'm sure," he said, as he
questioned her.

"Say, skipper," she said, finally
"how long have you been a sailor?"

A new clerk dictating a few days
ago, was in doubt as to the use of
a certain phrase so he said to the
stenographer, "Do you retire a
loan?" And the wistful one inter-
rupted rather sleepily, "No, I
sleep with mamma."

"A man cannot directly choose his
circumstances, but he can choose
his thoughts, and so indirectly,
yet surely shape his circumstances!"

- James Lane Allen-

"Now, girls," said the restaurant
manager, "I want you all to look your
best today. Add a dash of powder, and
take a bit more care with your hair."

"Something special on?"

"No. The beef's tough."

-Miss M.B., Chicago

"What's your husband's occupation?"
asked the census taker.

"He ain't got no occupation. He's
dead. He passed away fo'teen yeas
ago, suh."

"Then who do all these little
children belong to?"

"Dey's mine, suh."

"Why, I thought you said your hus-
band was dead?"

"He is, but Ah ain't."

Oh, Yeah!

"We don't care what you think; we
want to know what you know!" shouted
the lawyer.

"Well, I may as well get off the
stand then," said the witness. "I
can't talk without thinking. I
ain't no lawyer."

PRACTICAL ECONOMIES

In good old prosperity days few people heeded expenses in conducting the home. Today it's different.

Every owner is now economy conscious and the wise contractor is pointing out the additional comforts obtained through insulating the home. Don't overlook explaining the big fuel saving - that has been the real factor in creating sales of our $\frac{1}{2}$ " "Sure Comfort" Insulating-Wallboard-Mineral Wool Insulation-Storm Sash, etc. Contractors do a real favor to every owner they call on by spreading the news on such beneficial economies.

"Sure Comfort" Wall Board Uses

As a sound deadening laid on sub-floor with hardwood flooring or linoleum over the "Sure Comfort". As a roof insulation and attic plaster by nailing to roof rafters. As substitute for plastered walls - as a plaster base. Tensile strength of "Sure Comfort" is approximately 280 lbs. per Sq. In. "Sure Comfort" is a fire resistant pulp wood product that satisfies the technical and pleases the eye.

RIVERDALE FIBRE BOARD

is a real fibre board. - It will not warp, chip or crack. Fibre sized protects it against dampness.

The bozo who starts his evenings fast and loose generally comes home slow and tight.

Hub: "Haven't I always given you my salary check the first of every month?"

Wife: "Yes, but you never told me you got paid on the first and fifteenth, you embezzler!"

PRESENTS OF MIND

Recruiting officer (to enlisting pilot): "What's your birthday?"

Enlisting pilot: "What's the difference? You aren't going to give me anything."

ANOTHER EXCUSE TO PLAY GOLF

It was years ago and I was young and tired, and locked it. My face showed misery over the need to wash those windows for Mother. The day before I'd played ball all day long, hard, and I was tired.

She caught me slipping past the breakfast dishes on my way towards the alley, stopped me with a smile, the smile I'd give the world to see again, and said: "Listen, son, and I'll tell you a story"; and she did, the oddest story, the strangest tale..... told me that a clover blossom contains less than one-eighth of a grain of sugar; that seven thousand grains are required to make a pound of honey; that a pound of honey is "made" only after a common tramp, vagabond bee flies and tumbles over MILES of meadows to stick his busy tongue deep into each of the sixty florets on fifty-six thousand clover blooms; a total of more than three million sips, to get a pound of honey...and then does not get the honey.

I took that lesson by the nape of it's neck...and learned it...and washed those windows...and never forgot it...and today, when some wrong thinking friend phones an enticing suggestion concerning an afternoon of golf, even though I've work to do, I play...for I love to watch the tumbling, buzzing, busy bumble bee out raiding flowers, and getting nothing for it. At least he has character. Thanks, Mom, Darlin'.

NO HURRY

Young Lawyer: What's the matter the jury has been out three days?

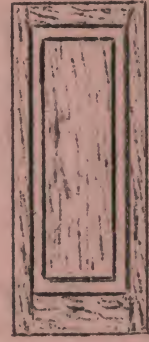

Old Attorney: They're all married men. They don't care when they get home.

"What has become of the little red schoolhouse of story and song?"
"It is now known as a rural educational unit."

HOW TO ORDER

If you are now ready to send to us that order - don't hesitate - send it - the only important requirement is that you send it to us so described that we will ship you exactly what you need.

Don't go into very elaborate descriptions of items that show in our Catalog, but instead list the quantity - the size - the number of the design - and then we have it all, and if you wish to, you may give Catalog page to indicate still more definitely what you have chosen and where from.

On any items not so easy to describe - maybe not listed in our Catalog No. 76, give brief description and give us a rough pencil sketch if simple and easy, as such many times more correctly describes and conclusively shows what is required more so than a page of descriptive writing.

We do not ask you to use any special printed order forms - send the orders on your own letterhead - or blank sheets - or write on the bottom of any letter quotations we may have sent or on any estimate copy received from us - just so we may read that it is an order, that's all we need.

For terms of payment, which you naturally must mark on your orders, please refer to sheet 4 and choose your payment arrangements and mark them on the order or send check or Postal money order along with the order.

When ordering odd sash or special size windows always show the outside measure of sash or window, that is, the measure to fit into the frames. List width first - then height. Riverdale's special sash department gives you real snappy service.

There is a Chinese saying: "To know that you know what you know and to know that you don't know what you don't know is true knowledge."

HARDWARE STORE FASCINATION

By Edgar Guest.

Whenever I go to a hardware store
I wander the counters round
And gaze at knobs for the kitchen door

In a manner that's most profound.
I look at the glistening pots and pans
And the Gadgets for shelf and wall,
The hammers and planes and electric fans
And I wish I could buy them all.

While mother is getting a packet of tacks
I stroll down the crowded aisles
I linger to fondle a woodman's ax
And the chisels and drills and files.
And I fancy that deep in the heart of me
The boy that I was survives,
For old though I am, still longingly
I look at the pocket knives.

There is something about a hardware store
Which strangely I can't resist,
And I think it's the joys I have hungered for
Which somehow my life has missed.
Though under the chill of the years I'd say
That many a passion cools
A man will keep to his dying day
A deep rooted love of tools.

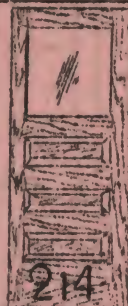

VARIETY IN STORM SASH

The Contractor is best served where his selection is greatest. Do you know of any wholesaler who carries in stock a greater or as large a selection of Storm Sash as Riverdale? But why say Storm Sash? Just say that RIVERDALE excels all other Wholesalers in selections of any building materials.

Doorkeeper: "Hey, come back! Dogs aren't allowed inside!"
Collegian: (without pausing) "That's not my dog."
Doorkeeper: "But he's following you."
Collegian: "What of it? So are you."

He was at the fountain pen counter making a purchase. "You see," he said, "I am buying this for my wife."

"A surprise, eh?"

"I'll say so. She is expecting a Packard."

Brighten up when dark days come; if sales were good every day, business would become monotonous. The sun shines every day in Arizona, yet it has about the smallest population of any State in the Union.

An angry customer came dashing into the tailoring shop and exclaimed, "The first time I wore this coat it split down the back."

"Ach," replied the tailor, gleefully, "that shows how well we sew buttons on!"

"Love makes the world go around." So does a good swallow of tobacco juice.

PROFITABLE BUYING.

Do you buy your building needs from Lumber Companies who have to go out and purchase most of the materials, or do they have it where you can look at it and see how good the quality is? Riverdale carries in stock what is shown in this Catalog, and ships it to you right from its Riverdale Stock. We do not depend on others and thereby suffer uncontrollable delays and great disappointments.

EVERYTHING SHIPPED TOGETHER FROM RIVERDALE - Lumber - Millwork - Hardwood Flooring - Roofing - Hardware - Glass - Nails - Insulating - Wood Panels - Wall Board Stained Shingles - etc.

A judge reprimanding a criminal, called him a scoundrel. The prisoner replied:

"Sir, I am not as big a scoundrel as your Honor" - here the culprit stopped, but finally added-"takes me to be." "Put your words closer together," said the judge.

Middle-aged Man: "I would like a pair of silk stockings."

Clerk: "For your wife, or shall I show you something better?"

- Miss D.M.W. West Allis -

CONTRACTORS' PARADISE

When the building contractor can, without hesitancy, assure his owners he builds for, that all the exterior woodwork on the building is everlasting wood, cannot rot or decay, he is in Paradise. The great pleasure of speaking the whole truth and backing it up with Redwood Frames - Redwood Cornice - Redwood Exterior Mouldings - Redwood Lapsiding - All these are just that good - never rots - don't even require paint.

The skipper of a tramp steamer, in writing up the log recording an eventful day, rounded off his task with the entry: "Mate intoxicated." To the mate, who indignantly protested on reading it, the skipper retorted: "Well, it's true, ain't it?"

On the following day it was the mate's duty to write up the log, and he completed his account with "Skipper Sober."

The captain stared at it for a moment, then exploded.

"Well, it's true ain't it?" was the mate's rejoinder.

Don't ever laugh when your friend speaks to the waiter in French. He may be telling him to hand you the bill.

THE GARDEN OF THE SOUL.

We plant new flowers every spring,
A little fairer world to bring,
And are rewarded with a plot
That is a little brighter spot.
I sometimes wonder that the earth
We try to make of greater worth,
When May is here, when spring
arrives,
And do so little with our lives.

For there are weeds we might
remove,
And other gardens could improve:
Old habits we could treat as weeds,
And leave more room for better
deeds,
Could plant the things of greater
grace,
And make the world a fairer place.
Could think about our souls in
spring,
And there could do some gardening.

SPECIAL WOODWORK

MR. CONTRACTOR: When you are asked to quote on some special Church Windows and Frames - Special Woodwork for some store or store window display racks, do you know that Riverdale maintains a capable organization to quote on special Woodwork and has a completely equipped Factory at Riverdale operating daily, all modern electrically operated machines. No order is too small or too large.

JUST A POSE

New Model (behind screen) You said I should take off everything, sir, but I have too much respect for my husband to take off anything more.

Artist - Why, what do you still have on?

New Model - My wedding ring.

STAUNCH BELIEVER

"So your husband's a radical, eh? Does he believe in free love?"

"I guess so. He hasn't supported me for eight years."

BEWARE OF STRANGERS

An elderly woman boarding a train seated herself on the only vacant seat in the car which was already partly occupied by a small boy.

After the train started to move, the boy started to snuffle continuously, which bothered the elderly lady considerably. Finally, unable to stand it any longer, she asked the small boy, "Have you a handkerchief, Sonny?"

The boy looked up at her suspiciously for a moment, and then replied, "Yes, I have but I don't lend it to strangers."

HERO WORSHIP

First Frosh - See that man over there? That's the captain of the team.

Second - Yeah?

First Frosh - See the pipe in his mouth?

Second - Uh, huh.

First Frosh - See the smoke coming out? It's lit.

Second - Sure.

First Frosh - Well, he did that with my match.

RIVERDALE VARIETY INVENTORY

RIVERDALE has gained a reputation among the contractors throughout the Central and Eastern States for carrying in stock ready for order shipment the largest and most varied and complete line of building woodwork and accessories for use of contractor and owner in all ordinary residence, store and flat, and barn building use.

The day of service is with us and to merit the patronage of our many satisfied customers, our plant is equipped and organized to handle in prompt manner orders that usually take our competitors many weeks to get prepared for shipment.

DID YOU TRY US TODAY WITH AN ORDER?

WHAT IS A FRIEND

Our conception of a true friend is narrated in this manner:

He troubles himself to get you out of scrapes, and then scrapes to get you out of trouble.

He sticks with you when you get stuck.

He's never in your way except when you're on the way down.

He gets up early to help you to get up to the top, and stays up late to help you stay up there.

There are no strings attached to his friendship - except those he pulls for you.

He never asks you for a favor as though it were coming to him, and never makes you feel he is doing one for you, when he is.

He gets his biggest kick helping you kick over your obstacles.

And his biggest disappointments are those that come to you.

All he wants in return for his friendship is yours.

A pound of pluck is worth a ton of luck.

THE DOPE ON STAIRS

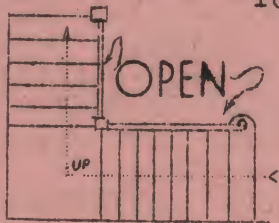

STAIR BUILDING IS NOT DIFFICULT BILLING OUT MATERIAL IS EASY CONTRACTORS SHOULD NOT LOSE THIS BUSINESS

There is no mystery about Stairbuilding, in fact, stairs are much more simple than Frames - Store Fronts and Cabinet Work.

Contr's purchase so little Stair Material in proportion to other Millwork that it is evident this business gets away from them - - probably because they are not able to sell it intelligently.

There are two ways to sell the Contractor his Stairs that is with Housed Stringers or Material only and the Carpenter does that work himself on the job.

As an example we will bill out the flight of Stairs for this ground plan two ways:

1st. Complete with Stringers Housed.

2nd. Material Only.

Assume the height to be 10 ft. from top of finished first floor to top of finished second floor allowing for floor strips - deadening felts, etc., and each run to be 5 Ft. 10 Inch.

1st. COMPLETE

Lack of space prevents showing other floor plans, but the principle is just the same for any stairway. - Right or Left-hand is when looking up from first floor. - The Rise of a flight of stairs is the total height from top of finished first floor to top of finished second floor. The Run of Stairs is the distance from the face of the first riser to the face of the last riser in each run. - When there is to be a platform as in this floor plan, the stairs should be measured as two separate runs and the height of course is from top of finished first floor to top of finished floor on platform.

VALENTINE

Said I to the clerk with that grin
of mine:
"I want an old-fashioned valentine.
A big one, which cupids and hearts
adorn.
The kind they made before you were
born,
With a lacy front that lifts up
and shows
A mossy bank where the violet grows
With a couple of doves on a tree
branch there
Looking down on a fondly embracing
pair
And a mushy verse in letters of
gold
All gracefully flourished, embossed
and scrolled
"With the words, 'I love you,' so
plain that she
can read them, and know that they
come from me,
Wherever her glasses may chance to
be."
But the clerk, who was young, look-
ed up and said,
"Why don't you send her a book
instead,
Or a bottle of scent or a pair of
shoes,
Or anything else which she can use?"
I lost my temper and went away,
But all that the clerks in the
store would say
Was: "Why don't you send her an
easy chair
Or a rug for the floor or slippers
to wear?"
But I wanted an old-fashioned
valentine
Like the one that I sent her in
ninety-nine,
And at last I found it, but all
she said
When that mushy 'I love you' verse
she'd read
Was: "Why didn't you buy me silk
hose instead?"
- Edgar E. Guest -

ECONOMIC STRATEGY

"I see she's let her hair go dark
again."
"Yes -- off the gold standard."

SPECIAL WOODWORK

Mr. Contractor. - When you are ask-
ed to quote on some special Church
Windows and Frames - Special Wood-
work for some Store or Store Window
Display Racks, do you know that
Riverdale maintains a capable or-
ganization to quote on special
Woodwork and has a completely
equipped Factory at Riverdale oper-
ating daily - all modern electric-
ally operated machines. No order
is too small or too large.

RIVERDALE carries in Stock a
larger Variety of sizes in Windows
and Sash ready for quick shipment
than any known Competitive dealers
in the building line, which enables
us to serve you on price, service
and quality and workmanship sur-
passed by none.

WHICH WAY---SOUTH or WEST?

Bugge: "Where, in Chicago, do
you live?"

Mugge: "Only a bomb's throw
from the loop!"

FAIR EXCHANGE

The knowing little boy confided
to a friend that he was expecting
a little brother any minute.

"But how do you know it'll be a
brother?" said his friend.

"'Cause not long ago mother was
ill and we had a little baby sister.
And dad's been ill in bed a week!"

- Toronto Globe. -

GAME OF LOVE

Last night I held a little hand,
So dainty and so sweet,
I thought my heart would surely
break
So wildly did it beat;
I looked at it with loving looks,
I fondled it with care,
No other hand in all the world
Can greater solace bring,
Than that sweet hand I held last
night ---
Four aces and a king.

WAKE UP

Your lips were sweet and lovely,
Your eyes shown just for me,
We kissed, dear, and I found in you
A breathless ecstasy.

A brilliant moon shone down on us,
The air was fragrant, warm,
Your beauteous eyes were turned to
mine,
Our love was again reborn.

But such as these were not for me,
They're for the loved and blessed,
For I awoke with an inert pillow,
Clasped against my chest.

"The man who whispers down a
well,
About the things he has to sell,
Don't get the golden gleaming
dollars,
Like the man who climbs a tree and
hollers."

HUSH! THE WALLS HAVE EARS

Lawyer's Son:- "Paw, does bigamy
mean that a man has one wife too
many?"

Lawyer:- "Not necessarily, my son.
A man can have one wife too many
and still not be a bigamist."

BUDDING FINANCIER

Uncle:- "I'll give you a penny if
you stop crying."

Lawyer's Son:- "Y-es, but I--I've
cried a nickel's worth already."

CONTRACTOR'S PARADISE

When the building Contractor
can without hesitancy assure his
owners he builds for that all
the Exterior Woodwork on the
building is Everlasting Wood -
Cannot rot or decay - he is in
Paradise. - The great pleasure
of speaking the whole truth and
backing it up with Redwood Frames-
Redwood Cornice - Redwood
Exterior Mouldings - Redwood
Lapsiding - All these are just
that good - never rots - does not
even require paint.

NAMING IT

What model is your car?
It's not a model; it's a
horrible example.

CARE OF PUTTY AND WINDOWS

Nothing is so annoying to a
builder than putty troubles on
glazed windows - Riverdale has
no putty troubles because they
glaze their Windows with only the
very best primeless putty uniform-
ly made and it is put on by experts
who have done no other work than
glazing for us for many years and
do it correctly.

Our most expert glazier has been
in our employ over thirty years.

Now, here is where the builder
helps give satisfaction on glazing-
Don't expose glazed Sash to weather
elements except you first paint
over the putty completely to
preserve it, as one good rain on
Sash before painting will ruin
your putty and cause it to crack
and peel off.

RIVERDALE carries in Stock a
larger variety of sizes in Windows
and Sash ready for quick shipment
than any known Competitive dealers
in the building line, which enables
us to serve you on price, service,
quality and workmanship surpassed
by none.

TOO LATE

"You know, last year the doctor
told me if I didn't stop smoking
I'd be feeble-minded."

"Why didn't you stop?"

"Isn't it funny that most of
the men in the first rows are
bald?"

"No, because most of 'em
bought their tickets from a
scalper."

All men may be born equal, but
it's what they equal later that
counts.

"No, I have a watch. Just give me the 21 jewels."

LAID AWAY

Bobby and his mother were taking a railroad trip and in the sleeper they had an upper berth.

In the night Bobby awakened and sat up. "Do you know where we are, Bobby?" his mother asked.

"Sure I do," replied Bobby. "We're in the top drawer."

The only person who can watch the clock all day and still hold his job is a radio announcer.

RIVERDALE invites you to send in your lists of lumber - your lists of millwork or plans for complete freight paid quotations.

HIRAM: "Yes, I've seen a few bad crop years in my time, too. One year our string beans were so poor that the crop didn't even pay for the string."

SILAS: "That's nothing, Hi. In 1914 our corn crop was so bad that my old dad, who had a very poor appetite, ate up fourteen acres of corn at a single meal."

TOUGH JOB

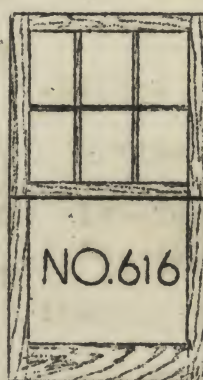

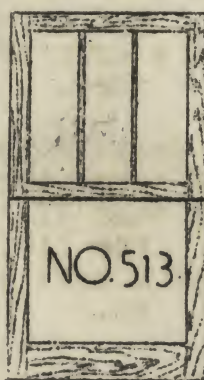

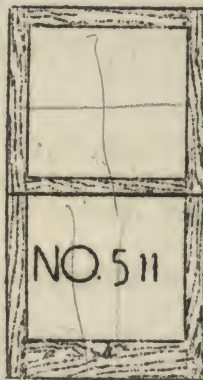

Anybody can cut a price but the only way you can lick a good merchandiser is to be a better merchandiser than he is. And that is always a hard job.

The oftener that you call upon us to serve you, the better we like it. When you need Lumber, Millwork or Hardware, send your lists to us. We know that our low prices will help you to meet competition and get the jobs that are often lost only by the smallest margin. Our lists give you the advantage over your competitors. It is not unusual for contractors to write us that our low cost has not only saved them money, but has landed contracts that otherwise would have been lost to them.

THE ETERNAL BATTLE

The sales manager walked to the
credit man's desk,
Who saw, as the former drew nigh,
That his hands were clenched, his
jaw stuck out---
There was murder in his eye.

Black thoughts flew through the
credit man's heart---
No longer his feelings he'd hold,
His teeth were bared in an angry
snarl
And his wrath was fierce to behold.

The air was charged with a spirit
of war---
The force stood frozen -- aghast!
To witness the bloody struggle at
hand
O'er the order that was not passed!

"Whaddayamean," the sales manager
screamed,
"By turning this order down?
What chance've we got for dividends
With a bozo like you around?"

"Here's a guy who buys from Murphy
& Zilch
When he ought to sell our soap.
We sell him a bill by working like
hell
But you turn him down, you dope."

"Migawd, what'sa use of men like us
Working to build up a trade,
When a guy like you, behind a desk,
Cancels half of the sales we've
made."

The credit man screamed in a
horrible key,
As his pent up emotions broke
loose---
Wild eyed, he roared, "Why you and
your men
Are cooking the company's goose."

"This outfit you swear is good as
gold---
Well, Murphy ships them for cash,
Zilch ships C. O. D. and Whoois
tells me
They're just about ready to smash."

"But you take an order for three
hundred bucks,
You know the guy well, you say---
Well, stick your initials here on
the line,
We'll ship it on your okay."

Now the Knight of Sales, in his
turn, quails,
As he thinks of the possible loss--
His face would be red--his "rep"
would be dead
Just what would he say to the boss?

So he fumbles for words, and he
scratches his chin,
The credit man scratches his head--
And both of the fatheads look up
and grin,
Not a drop of their blood have they
shed.

O, East is East and West is West
And never the twain agree,
But what if they did--and blew off
the lid,
What a hell of a charge-off there'd
be.

--- The Solicitor. ---

The young lady walked boldly
up to a woman whom she took to be
the matron of the hospital.

"May I see Lt. Barker, please?"
she asked.

"May I ask who you are?"

"Certainly, I'm his sister."

"Well, well. I'm glad to
meet you. I'm his mother."

"Well, Mose, I can give you
this divorce, but it will cost you
\$3.00."

"Three dollars, boss?"

"That's the fee."

"Well, boss, I jes tell ya, I
don't believe I wants a divorce.
There ain't \$3 difference 'tween
dem two wimmen."

"Excuse me," gasped the ex-
cited conductor, "but is your wife
a rather stout lady wearing a brown
costume and a red hat?"

"Yes," replied the astonished
passenger. "What's all the excite-
ment about?"

"Excitement!" exclaimed the
conductor. "She's just fallen off
the train."

"Good heavens!" shrieked Brown.
Don't stand there doing nothing.
Pull the communication cord. She's
got the tickets.

WE CAN HELP YOU ON ARCHITECTS PLANS

Oftentimes it is inconvenient for you to make a complete list of millwork required for a building, on account of the intricate details and plans made by the architect. If you will send us plans, details, and complete specifications, OUR FORCE OF PLAN ESTIMATORS will relieve you of all that trouble.

OUR ESTIMATE WILL SHOW YOU
A Delivered Price on the Entire List of Items.
Quantities Guaranteed.

While we figure Millwork from Plans, we must ask our customers to furnish their own list of Lumber, Flooring, Shingles, etc., as we do not figure these items from plans under any circumstances.

She used to sit on his lap as
happy as could be,
But now she gets seasick
Because he has water on the knee.

"Ah, good mornin' Mrs. Murphy, and
how is everythin'?"
"Sure, an' I'm havin' a great
time uv it between me husband and
the fire. If I keep me eye on the

will I know anything?"
Doctor:- "There now, don't expect
too much of the anaesthetic."

THOUGHTS

Thoughts are like people as they
come and go,
Strange, friendly, smiling, gentle
or unkind.
In crowds they walk the pathway of
the mind,
Some wave at us or stop to say
"hello."
They wander up and down and to
and fro.
Among them all both good and bad
we find,
One rushes by, another stays behind.
And each selects the ones he cares
to know.
A busy teeming city is the brain
Where thoughts attack the business
of the day,
Some for their work must dress in
garments plain,
Others are women colorful and gay.
As people hold and shape a nation's
fate.
So thoughts destroy a man or make
him great.

STENOGRAPH'S VACATION

She dives, she swims, she rides a horse,
She socks a golf ball round the course,
She plays a wicked tennis game,
She dances till she's nearly lame;
And just when a romance is ripe---
The poor kid must revert to type.

CAN MAKE LARGER PROFITS SELLING RIVERDALE SCREENS

1. SUPER-STRENGTH is not merely a name given to our Riverdale 2 light full Window Screen, but this screen is superior in construction - sizes of wood used - mortise and tenon assembly - screen wire rolled in groove for a tight drum fit - screen mold flush with screen which adds to strength by preventing damage in Fall and Spring handling and storage, as our Super-Strength, flush molded construction is such that the molding cannot be torn off or damaged in handling, etc.

"I'm trying to forget a beautiful, shapely, seductive blonde, but I'm afraid there's only one thing that'll enable me to do it."

"What's that, whiskey?"

"No, a date with a beautiful, shapely, seductive brunette like yourself!"

"We're going to have a swell time tonight. I've got three seats for the theatre."

"Why do we need three seats?"

"They're for your father, mother and kid brother."

INNOCENCE IS BLISS

"Why, Dorothy! What are you doing with that poor little pussy cat?"

"I'm trying to find the money!"

"What money, dear?"

"Why, papa said that ev'ybody put money in the kitty last night 'cept Uncle Bill!"

"Johnny, I can't understand why I didn't accept you the very first time you proposed."

"That's easy. You weren't there."

SIGHT UNSEEN

The stingy farmer was scoring the hired man for carrying a lighted lantern to call on his best girl.

"The idea!" he exclaimed. "When I was courtin' I never carried no lantern. I went in the dark."

"Yes," said the hired man sadly, "and look what you got."

"TROUBLES"

Did you tackle the trouble that came your way

With a resolute heart and cheerful,
Or hide your face from the light of day

With a craven soul and fearful?
Oh! a trouble's a ton, or a trouble's an ounce,

Or a trouble's what you make it.
And it isn't the fact that you're hurt that counts,

But only how did you take it?
You are beaten to earth,
Well, well what's that?

Come up with a smiling face,
It's nothing against you to fall down flat,

But to lie there--that's disgrace.
The harder you're thrown, why the higher you bound,

Be proud of your blackened eye.
It isn't the fact that you're licked that counts,

It's how did you fight and try.

DON'T GUESS! USE OUR ACCURATE LISTS

Now it is entirely unnecessary to guess at the amount you must pay for a bill. Our itemized estimates show exactly what it will cost you for the job delivered at your station.

We have two good reasons for wanting to quote you accurate itemized prices. First: If you find it necessary to make changes on the bill, you are able to figure them out for yourself without guessing. Second: we make it easy for you to take individual items and compare our prices with what you are now paying for exactly the same material. You will be astonished at the big saving you can make.

47% OF OUR ESTIMATES ARE FOLLOWED BY ORDERS FROM THE CONTRACTORS

That proves conclusively how wonderfully helpful our estimates are in landing jobs for Contractors. This money-making and business-building service is entirely FREE to you. Why not avail yourself of our help at once? If, for any reason, you desire extra quick service on the estimate, just make yourself plain when you send us the list. We will either telephone or telegraph you the price.

<u>Men Like Men, Who -</u>	<u>Elevator Chatter</u>	
Men like men who stick out a hand to help others - - men who are always telling the good points of other men - men who aren't sanctimonious - men who aren't show-offs - men who aren't sarcastic - men who aren't perfect - men who have a tough time but who keep on plugging, and smiling - - men who never tell a tale or a joke at another man's expense - men who never crawl and never need to crawl.	Said the smart operator to his GAL-orious passenger:- "Here's your floor, dearie!" "How dare you call me dearie, you're not MY papa!" "Mebby so, but I brought you UP, didn't I?" "Tomorrow," the teacher said, "we'll do miscellaneous work. "By the way, what is miscellaneous?" A black-eyed swarthy pupil answered:- "Miscellaneous is the ruler of Italy."	Those who bought Lemons in 1929 are peddling apples in 1936. Two-thirds of promotion is motion.

Here lies the body of Samuel Jay,
Who died maintaining his right-of-way;
He was right--dead right--as he sped along;
But he's just dead as if he'd been wrong.

QUALITY OF OUR STAINED-WOOD-SHINGLES

The attractive Beauty, Uniformity of colors and lasting quality are the preferred essentials that have created a real demand for our STAINED SHINGLES.

Best grades of shingles are used.
Best pigments & creosotes are used.
Best individual dipping process is used.

- NONE BETTER -

Ask us for sample of any of our stock colored Shingles when in the market.

DON'T FORGET - Riverdale's Stained Wood Shingles are Carton Packed - Free from dust or damage.

Two Englishmen were travelling from New York to the Pacific States and by the fourth day they had become very travel-weary. "So this is America," said one. "Fancy their having made such a stir about Columbus discovering it. My word! I don't see how he could have avoided it."

HARDWOOD LUMBER GRADES

Riverdale does not step up the grades on the Lumber you buy. In Hardwoods, Oak, Gum, Birch, Maple, Philippine Mahogany, etc., Riverdale contracts and receives only F.A.S. First and Second Clear Quality in such woods and inspects its lumber received very carefully. This insures every Building Contractor buying his Hardwood Lumber items from Riverdale that a high grade First and Second Clear Grade is furnished to him in filling his orders. You are assured excellent quality and unexcelled service on your orders-Many of our Customers send us continually their Hardwood order needs. Have you tried Riverdale for Hardwoods?

Two Scotchmen were watching a basketball game; one had a bottle, the other had only a thirst. The bottle-man was talking very largely about his knowledge of the game and what a fine player he was himself.

During the conversation he helped himself very liberally to the contents of his bottle, whereupon the thirsty one said: "Weel, I notice ye're a fine dribbler, but ye're nae guild at passing." --Grit--

Him? High Hat?

Mr. and Mrs. John Blacksnake were sunning themselves in the rock garden of their new pit at the Zoo when a large and dignified black snake was introduced into the next pit. Mrs. John, of course, gave him the eye as has been the way with all females since time began. She drew blank as the old gentleman took no notice. Turning to John she said, "That old length of hose is pretty high hat. What?"

John grunted, as has been the way of husbands from Adam down. But he slowly uncoiled from his left hand thread stance and recoiled into a right hand spiral so as to have a better view of the new comer. "Huh," said Mr. John, "him, high hat! Why I knew that old Egg Sucker down in Birmingham, Alabama, when he didn't have a pit to hiss in! Huh!" And he resumed his nap.

IN BUYING STORM SASH

Your customers do not have to use Special caution in measuring their openings if you furnish them "RIVERDALE" Storm Sash. They fit all types of buildings - the best glass is used, the best putty is used.

You may receive complaints on Storm Sash when they fit short or narrow but we have the first complaint yet to receive where an owner or carpenter objected to surplus fitting width or surplus fitting height which comes in mighty useful on sagged frames.

See Storm Sash-Sheets 14 & 15.
46 & 47.

HARDWARE FOR ABOVE DOORS

An easy-working garage door set - a simple push and the doors open; a slight pull and they are closed. No binding friction. Doors swing into jamb against stops. One door is hung so it will open without disturbing the other two. Hangers are adjustable in case of swelling or raising of cement floor. Prevents sagging doors; Doors require minimum space in opening as they are hung on inside and fold and slide against inner wall.

MIXED CAR BUYING!

You hear people talk about mixed car buying - about pool car buying - but did you ever hear them say it was Satisfactory? No - when you depend on some Saw Mill to ship to you the Lumber for a house bill - they have no Shiplap - or no Flooring or part of your needs are always missing that requires you to go to some nearby dealer for part of your Lumber to continue your work.

WHEN BUYING MIXED CARS, BUY AT RIVERDALE :

WE LOAD EVERYTHING AT RIVERDALE.

We carry a most complete variety of every possible kind of house-building Lumber at Riverdale, ready for immediate loading and can in a large majority of towns, give the customer advantage of storage in transit special railroad rates on many items of Lumber loaded full cars or full mixed cars from our Riverdale Plant.

When you buy a Mixed Car of Lumber-Millwork - Roofing - Hardware - Nails - Insulation - Finish Floors, etc. and obtain shipment of all the materials in one car, you save money on drayage to your building site and you have the courage to plan for speeding up the completion. Riverdale with the greatest selection of materials to order from fills this every want.

Friends often asked Marie Corelli why she never married. "There is no need," she would reply. "I have a dog which growls all morning, a parrot which swears all afternoon, and a cat which comes home late at night."

Detectives were questioning a negro charged with stealing a typewriter. Not getting anywhere, one of the officers brought in the machine.

"Lawzee, Cap'n," the negro explained. "Is dat a TYPEWRITER? Ah thought it was a cash register."

And then there was the careful driver who drove up to the railroad track and stopped and looked and listened. All he heard was the car behing him crashing into his gas tank.

I threw a stone into the air
It'd fall to earth I knew not
where

But all of a sudden I let out a
yip
For I'd found out where the damn
thing lit.

You can't compete nowadays if you buy Retail and sell Wholesale. When you compete for a job you are obliged to bid low or you don't get it -- your low bid won't allow you to pay out any premiums. You hold down your labor cost -- often working on the job yourself in order to save -- why, then, throw away that saving by paying a fancy price for Lumber and Millwork?

You now are guaranteed against the annoyance and expense of decay --- the ravages of termites

WHEN YOU USE
RIVERDALE FRAMES,
WINDOW SASH, and
WINDOW SCREENS.

For every Riverdale Frame, Window, Sash, and Window Screen is treated with a powerful toxic that prevents decay, which has formerly caused dry rot to appear in many sash and frames long before their time. This toxic does not interfere in any way with staining or painting the wood.

RIVERDALE TOXIC TREATMENT is death to termites, whose ravages are increasing yearly.

READ WHAT U.S. ENGINEERS SAY
 ABOUT SAVING COAL WITH
 METAL WEATHER STRIPS

Metal weather stripping has shown itself a very efficient means of reducing crack leakage and thus a material aid in making a house weather tight. When the work is properly done most of the strip is hidden and the exposed part has a neat appearance. Metal weather stripping should be permanent; it should allow easy movement of sashes and at the same time prevent the passage of air.

The clearance between window sash and frames and between doors and frames, varies from 1/16 to 1/4 inch. With a wind velocity of 15 miles per hour an opening of 3/32 inch would permit the passage of about 1 1/2 cubic feet of air per minute for each lineal foot of crack around the window.

Metal weather strip will reduce leakage losses and will aid materially toward an annual saving of fuel. The prevention of window leakage means a saving of heat and lessening of dirt blown into the house.

A fuel saving of fifteen to twenty per cent appears possible by equipping windows and doors with metal weather strips. The cost of this may frequently be off-set by the reduction in the cost of the heating plant.

HOPELESS

Cop: Didn't you hear me yell for you to stop?
 Lady Driver: No, sir.
 Cop: Didn't you hear me whistle?
 Lady: No, sir.
 Cop: Didn't you see me signal?
 Lady: No, sir.
 Cop: Well, I guess I might as well go home. I don't seem to be doing much good around here.

PARTICULAR

Hitch-Hiker: Got a radio in your car?
 Motorist: No, I haven't.
 Hitch-Hiker: Thanks just the same, but I guess I'll wait for one that has.

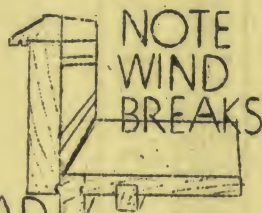

STILL TO COME

Teacher: What you drawing, Jimmy?
 Jimmy: A dog.
 Teacher: But where's its tail?
 Jimmy: Oh, that's still in the ink bottle.

DIFFERENT MODELS

Frank: My wife's so irritable. The least little thing sets her off.
 Fred: You're a lucky man. Mine's a self-starter.
 MODEST
 Applicant: What wages are you willing to pay?
 Employer: Well, I hardly know, but I'll pay you what you are worth.
 Applicant: I won't work for that.

I bought my girl some garters
At the Woolworth five and ten.
She gave them to her mother -
That's the last I'll see of them.

LAST RESORT.

Jones: "Did the depression hit you badly?"

Smith: "Did it? We had to give up our home, move in with the old folks and take the kids out of school."

Jones: "That's too bad."

Smith: "Yes Sir, if things get any worse I'll have to stop driving my car."

"Yes, madam, what can I do for you today?"

"I'm going to be married next Tuesday and I would like to get some silk pajamas. What color is appropriate for a bride?"

"White is the preferred color if it is your first marriage, and lavender if you have been married before."

"Well, you'd better give me some white ones with just a wee touch of lavender in them."

MY PHILOSOFY

I allus argy that a man
Who does about the best he can,
Is plenty good enough to suit
This lower mundane institute -
No matter ef his daily walk
Is subject fer his neighbor's talk
And critic-minds of ev'ry whim
Jest all git up and go for him!

It's natchural enough, I guess,
When some gits more and some gits
less,

For them-uns on the slimmest side
To claim it ain't a fair divide;
And I've knowed some to lay and
wait,

And git up soon, and set up late,
To ketch some feller they could
hate

For goin' at a faster gait.

The signs is bad when folks commence
A findin' fault with Providence,
And balkin' 'cause the earth don't
shake

At every prancin' step they take.
No man is great till he can see
How less than little he would be
Ef stripped to self, and stark and
bare

He hung his sign out anywhere.

My doctern is to lay aside
Contentions, and be satisfied;
Jest do your best, and praise er
blame
That follers that, counts jest the
same.

I've allus noticed grate success
Is mixed with troubles, more er
less,

And it's the man who does the best
That gits more kicks than all the
rest.

- James Whicomb Riley -

"Are you the plumber?"

"Yes, Ma'am."

"Well, I just want to caution you
to be careful when you're working.
All my floors are highly polished
and in perfect condition."

"Oh, don't worry about me slipping
lady. I've got nails in me shoes."

PAINT LASTS LONGER ON REDWOOD

Representing the time at which Exterior Repainting is recommended when Protection to the wood is concerned.

In connection with finishes on Redwood, whether Paints, Stains, Varnishes, or Enamels, remember:

1. The lighter, even textured woods hold paint coatings longer than those of greater density and uneven texture (note chart.)

2. There is no pitch in Redwood to mar the finish.

3. No special precaution, no special paint, no special methods are desirable or necessary.

4. Of the 18 woods tested for 5 years by the U.S. Forest Products Laboratory none had a better record of service than Redwood.

In connection with finishes on any wood, remember:

1. Never paint over wet or damp wood.

2. Use three coats for exteriors on new work.

3. Skimping paint and labor produces unsatisfactory results.

4. Nearly every case of so-called paint failure is due to:

(a) hurry-up methods; (b) short cuts; or (c) poor construction on practices.

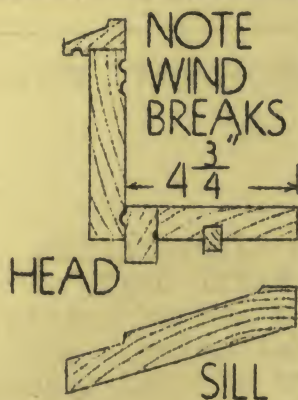

The object of this bulletin is to emphasize certain features in connection with paint, enamel, and stain finishes on California Redwood the most important of which are:

1. That Redwood is one of the easiest of American woods to paint and decorate.

2. That Redwood properly painted has no superior in paint holding characteristics.

These statements are substantiated by Painting Tests of the U. S. Forest Products Laboratory, and are described in detail in Technical Bulletin No. 2, "Painting Characteristics" of the California Redwood Association.

REDWOOD INFORMATION PAINTING CHARACTERISTICS.

FAULTY CONSTRUCTION IS THE CAUSE FOR MOST PAINTING DIFFICULTIES,
IRRESPECTIVE OF SPECIES OF WOOD OR THE KIND OF PAINT USED.

Fortunately for the home-builder, the user of wood and of paints, the results of these studies dissipates a number of fallacies, and prejudices on the painting characteristics of a number of wood species; fallacies and prejudices which research shows to be due in many instances, not to fault of wood or of paint, but to hurry-up construction methods or poor construction practices.

WHAT TO GUARD AGAINST.

1. Painting too soon after siding and trim have been exposed to rain.
2. Poor fitting of siding material over drip caps on door and window head casings, water tables, etc., permitting moisture to get behind the siding.
3. Poor fitting of siding against door and window casings, angles, etc.
4. Insufficient or incorrect placing of metal flashing where porches, bay windows, dormers, etc., project or cut into walls and roof.

In addition to troubles due to moisture (the most prevalent source of paint troubles) Mr. Hartwig and others (3) caution against the practice of attempting to do a "skim" job in which good painting practices are usually ignored in an effort to secure complete and thorough coverage of surface with too little paint.

CALIFORNIA REDWOOD TAKES PAINT EASILY.

The U.S. Government's (1) Six year test was made on eighteen different species of wood. Test panels of each species in both flat and edge grain (vertical) grain were painted with white lead and with lead and zinc paint. They were exposed to a wide variety of climatic and exposure conditions in widely scattered localities throughout the United States. The work was carried out under the direction of Dr. F.L. Browne, Senior Chemist, U.S. Forest Products Laboratory, Madison, Wisc. CALIFORNIA REDWOOD TAKES PAINT EASILY, RETAINS IT, REQUIRES NO SPECIAL TREATMENT OR FORMULA, AND PRESERVES A FRESH APPEARANCE.

FINISH FOR CALIFORNIA REDWOOD INTERIORS.

Redwood may be finished to suit the most exacting taste in interior decoration. In natural color (from mahogany to cherry red) with pleasing grain and satin-like finish, it is the choice of many users. New and modern colors *may be obtained by simple processes distinctive to Redwood alone.

*Send for Data Sheet No. 4, "Interior Finish and Trim, in modern Original Colors," also "Home Inspirations in Redwood." Both will be sent free, upon request by California Redwood Association.

SOME HELP

It seems that an advertising man was making a survey on coffee, and happened to visit a remote township in the mountains of Tennessee. In talking with the natives, he heard of an old man named Caleb Jones, who was reported to drink thirty-eight cups of coffee every day of his life.

It was pretty hard to believe, but the advertising man thought he'd go to see Caleb anyway. He found him up the road, sitting on his porch and nodding in the sunshine.

Introducing himself, the visitor said: "Is it true, Mr. Jones, what the neighbors tell me--you actually drink thirty-eight cups of coffee a day?"

The old man opened his eyes and spat out a chaw of tobacco without moving from his seat.

"Yep," he said, "some days I drinks thirty-nine cups and some days forty. But I never drink less than thirty-eight."

"But," said the advertising man in amazement, "don't you find it keeps you awake?"

The old man nodded. "Wal," he said, "It does help a leetle."

LIFE

Fate treated me meanly,
But I looked at her and laughed
That none might know the
Bitter cup I quaffed.

Along came Joy, and paused beside
Me where I sat,
Saying, "I came to see what you
Were laughing at."

BOOK HOUSES

I always think the cover of
A book is like a door
Which opens into someone's house
Where I've not been before.
A pirate or a fairy queen
May lift the latch for me;
I always wonder when I knock
What welcome there will be.
And when I find a house that's dull
I do not often stay
But when I find one full of friends
I'm apt to spend the day.
I never know what sort of folks
Will be within, you see;
And that's why reading always is
So int'resting to me.

Right now the problem is how to
get this country out of lounging
pajamas and into working pants.

The jury had acquitted the defendant of stealing contractor's tools, because of the powerful plea of his lawyer.

"Honor bright now, Bill," said the lawyer as the two left the courthouse, "did you steal those tools?"

"Well, now, look here. I'll be honest with you. I always did think I stole that junk until I heard you make that speech to the jury. Now I'll be doggoned if I ain't got my doubts about it."

TAKING A CHANCE

A man wandered into a tennis tournament the other day and sat down on the bench.

"Whose game?" he asked.

A shy young thing sitting next to him looked up hopefully.

"I am," she replied.

A man cannot leave his wisdom or his experience to his heirs. --

PROFITABLE BUYING

Do you buy your building needs from Lumber Companies who have to go out and purchase most of the materials or do they have it where you can look at it and see how good the quality is?

Riverdale carries in stock what is shown in this Catalog and ships it to you right from its Riverdale Stock. We do not depend on others and thereby suffer uncontrollable delays and grade disappointments.

EVERYTHING SHIPPED TOGETHER
FROM RIVERDALE -- Lumber -- Millwork --
Hardwood Flooring -- Roofing -- Hard-
ware -- Glass -- Nails -- Insulating --
Wood Panels -- Wallboard -- Stained
Shingles, etc.

- "It's the little things in life that count." The fellow that takes little interest in his work accomplished but little, is paid but little and lasts but a little while.

SPECIAL WOODWORK

Mr. Contractor:- When you are asked to quote on some special Church Windows and Frames-Special Woodwork for some Store or Store Window Display Racks, do you think of Riverdale and send your sketches to them for your price?

Riverdale maintains a capable organization to quote on special Woodwork and has a completely equipped Factory at Riverdale operating daily -- all modern electrically operated machines. No order is too small or too large.

We can't see what difference it makes whether the ex-king of Siam has 24 sacred umbrellas or not. He ain't agoin' to reign no more.

A LITTLE GIRL

Sometimes I wonder why they smile
so pleasantly at me,
And pat my head when they pass by
as friendly as can be;
Sometimes I wonder why they stop
to tell me How-D'-Do,
And ask me then how old I am and
where I'm going to;
And ask me can I spare a curl and
say they used to know
A little girl that looked like me,
oh, years and years ago;
And I told Mamma how they smiled
and asked her why they do,
So she said if you smile at folks,
they always smile at you.

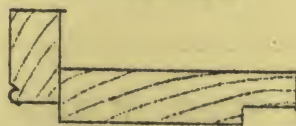

I never knew I smiled at them when
they were going by,
I guess it smiled all by itself
and that's the reason why;
I just look up from playing if it's
anyone I know
And they most always smile at me
and maybe say hello;
And I can smile at any one, no
matter who or where,
Because I'm just a little girl
with lots of them to spare;
And Mamma said we ought to smile
at folks, and if you do
Most always they feel better and
they smile right back at you.

And when so many smile at me and
ask me for a curl
It makes me think most everybody
likes a little girl;
And once when I was playing and a
man was going by
He smiled at me and then he rubbed
some dust out of his eye,
Because it made it water so, and
he said he used to know
A little girl up in his yard who
used to smile just so;
And then I asked why don't she now,
and then he said "You see---"
And then he rubbed his eye again
and only smiled at me.

SCREENS

CAN MAKE LARGER PROFITS SELLING RIVERDALE SCREENS

1. SUPER-STRENGTH is not merely a name given to our Riverdale 2 light full Window Screen, but this screen is superior in construction - sizes of wood used - mortise and tenon assembly - screen wire rolled in groove for a tight drum fit - screen mold flush with screen which adds to strength by preventing damage in Fall and Spring handling and storage, as our Super-Strength, flush molded construction is such that the molding cannot be torn off or damaged in handling, etc.

Here's to the jacket you put on
every morn;
It makes you feel like a sheep
that's been shorn.
'Tis a brief little garment fits
tight 'round the neck
And it has long sleeves, but that's
all, you bet.
They are quite all the style for
hospital wear
But you can't even sneeze or
you're perfectly bare.
You just can't complain, though
you know you're a sight.
They might take it off and then
what a plight.
Here comes the doctor and here
comes the nurse.
Don't try to adjust it, you'll
just make it worse.
You can't pull it down, not even
with tweezers,
So here's the right name - just
plain fanny freezers.
No matter where I go in what
country or clime,
I see that jacket all of the time.
It haunts me to know this thing I
did wear
With all my extremities perfectly
bare,

A barber in Budapest won first
prize in a contest by shaving a
man with a beard which was three
days old. He performed the
operation in 41 seconds without
leaving any cuts or scratches.

You've heard of the optician's
daughter? Two glasses and she
makes a spectacle of herself.

Reno, they say, now claims to be
an important factor in the dairy
industry. That's where the cream
of the country goes to get
separated.

Many a wife has wondered, after
listening to her husband expound
on banking and economics, how
anyone could know so much about
money and not have any of it.

I'm not a poet and I can't orate,
But I wore that jacket early and
late.

So take my advice, don't get
yourself hurt

Or you'll spend day and night in
a hospital shirt.

SELL SIDES OF TRIM

HOW TO PIECE-BILL SIDES OF TRIM?

You sorta wonder what all our talk about "Sides of Trim" means to you and why. - Well, Friend, here's the how and why. Have you studied what your competitors are doing and what are their successful adoptions? If you have not, dig up the up-to-date mail order Catalogs and observe that they advertise Interior Trim as "Sides of Trim" in units--and also one step farther--they also advertise "Complete Sets" - Frame - Window and Trim. They also advertise "Complete Sets" - Frame - Door - Jambs - Stops & Trim. Progressive Contractors have adopted these up-to-date selling methods.

MIXED CAR BUYING

You hear people talk about mixed car buying - about pool car buying - but did you ever hear them say it was satisfactory? No - when you depend on some Sawmill to ship to you the Lumber for a house - bill - they have no shiplap - or no Flooring or part of your needs are always missing that requires you to go to some nearby dealer for part of your Lumber to continue your work.

WHEN YOU BUY MIXED CARS AT RIVERDALE

WE LOAD EVERYTHING AT RIVERDALE---

We carry a most complete variety of every possible kind of house-building Lumber at Riverdale, ready for immediate loading and can in a large majority of towns, give the customer advantage of storage in transit special railroad rates on many items of Lumber loaded full cars or full mixed cars from our Riverdale Plant.

When you buy a Mixed Car of Lumber - Millwork - Roofing - Hardware - Nails - Insulation - Finish Floors, etc. and obtain shipment of all the materials in one car, you save money on drayage to your building site and you have the courage to plan for speeding up the completion. Riverdale with the greatest selection of materials to order from fills this every want.

YOU WILL AGREE

She has a wonderful disposition. A charm of manner is hers which embraces all of a sweetly old-fashioned gentleness.

She is good.

She has never been seen in a short skirt and the one-piece bathing suit hasn't been made that she would don.

A cigarette has never caressed her lips.

She frowns upon the new dances and Jazz bores her.

She wouldn't know how to act if she found herself in a car parked among the shadows of the roadside.

I know that it all sounds very strange, most unusual, and yet it is true. She actually exists. But that's about all.

The police had photographs of the escaped convict in six positions and sent the pictures throughout the country, asking the authorities to apprehend him. Promptly came a reply from the marshal of Hicksville Corners, which read as follows:

"Received the pictures of criminals. Have captured five of them and am on the trail of the sixth."

Chief: "Didn't you tell me that you never get tired?"

New Fireman: "That's right, Chief. I always stop to rest before I get tired."

College Girl: "Jiggers, here comes a speed cop."

College Boy: "Quick! Hang out the Notre Dame pennant."

QUICK THINKING

A college student arose from his table in a fashionable dining room and walked toward the door.

He was passing the house detective at the entrance when a silver sugar bowl dropped from his bulging coat.

The guest glanced calmly at the officer, then turned with an expression of polite annoyance toward the occupants of the room.

"Ruffians," he said, "Who threw that?" and walked out.

FRATERNAL

"Say, Joe, can I borrow your pen?"

"Sure thing."

"Got a sheet of writing paper I can use?"

"Reckon so."

"Going past the mail box when you go out?"

"Uh-huh."

"Wait a minute till I finish this letter, will you?"

"All right."

"Want to lend me a stamp?"

"Yeh."

"Much obliged. Say, what's your girl's address?"

CONCERN

He (at the movies)--Can you see all right?

She--Yes.

He---Is there a draught on you?

She--No.

He---Is your seat comfortable?

She--Yes.

He---Well, will you change places with me?

Then there's the playboy who kept calling his girlfriend a little sugar and wound up by paying her a lump sum.

Some girls show distinction in clothes, while others show distinctly.

Be pleasant until ten o'clock in the morning, and the rest of the day will take care of itself.

A young man had taken a school teacher out riding and had parked under a tree. After considerable persuasion and some struggling he finally managed to kiss the gal. Just as he was about to drive on she burst into tears.

"Why, what's the matter?" asked the lad.

"I'm so ashamed of myself," replied the girl through her tears. "Here I am a respectable teacher and tomorrow I've got to go into my classroom and face thirty innocent little children, knowing as I do that I've sat here with you tonight and let you kiss me---twice."

"Twice?" exclaimed the puzzled youth. "Why, we only did it once."

"Oh," said the young thing in a surprised voice, "aren't we going to do it again?"

THAT'S DIFFERENT

The wife of a small farmer sold her surplus butter to a grocer in a nearby town. On one occasion the grocer said, "Your butter was underweight last week."

"Now, fancy that," said Mrs. Farmer. "Baby mislaid my weight that day, so I used the pound of sugar you sold me."

AN OWL, OF COURSE

Englishman: "What's that bloomin' noise I 'ear outside this time of night?"

American: "Why, that's an owl."

Englishman: "Of course it is, but 'oos 'owling?"

HOMESPUN

Mountaineer--Listen, woman, who's wearin' th' pants 'round here, anyhow?

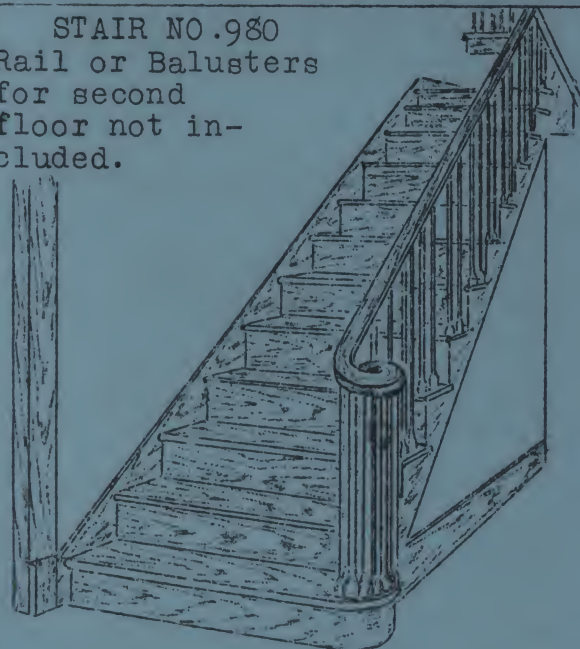

His wife--Joe's wearin' 'em today Paw. You'all will have ter stay in th' cabin.

Customer--I'd like to see something cheap in a felt hat.

Clerk--Try this on. The mirror's at your left.

THE DOPE ON STAIRS

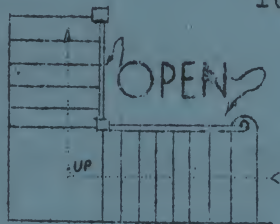

STAIR BUILDING IS NOT DIFFICULT BILLING OUT MATERIAL IS EASY CONTRACTORS SHOULD NOT LOSE THIS BUSINESS

There is no mystery about Stairbuilding, in fact, stairs are much more simple than Frames - Store Fronts and Cabinet Work.

Contr's purchase so little Stair Material in proportion to other Millwork that it is evident this business gets away from them - - probably because they are not able to sell it intelligently.

There are two ways to sell the Contractor his Stairs that is with Housed Stringers or Material only and the Carpenter does that work himself on the job.

As an example we will bill out the flight of Stairs for this ground plan two ways:

- 1st. Complete with Stringers Housed.
- 2nd. Material Only.

Assume the height to be 10 ft. from top of finished first floor to top of finished second floor allowing for floor strips - deadening felts, etc., and each run to be 5 Ft. 10 Inch.

Lack of space prevents showing other floor plans, but the principle is just the same for any stairway. - Right or Left-hand is when looking up from first floor. - The Rise of a flight of stairs is the total height from top of finished first floor to top of finished second floor. The Run of Stairs is the distance from the face of the first riser to the face of the last riser in each run. - When there is to be a platform as in this floor plan, the stairs should be measured as two separate runs and the height of course is from top of finished first floor to top of finished floor on platform.

DIRECTIONS FOR ORDERING STAIR PARTS OR WRITING FOR ESTIMATE ON COMPLETE STAIRS

When ordering Volutes - Circle End
Treads and Risers, or Treads with
ends returned, always give rise &
run as cut in horse and state if
right-hand or left-hand when stand-
ing at bottom of stairs looking up.
When writing for estimate on Com-
plete stair -
Send a floor plan of stairway show-
ing number and location of risers.
If platform or return stairs, give
distance from center of rail.
Give width of stairs.
Give height of risers, and width of
treads as cut in horse.
Give lengths of rail required
round well hole on second floor.

Give width of second floor joists
including floor and plaster.
State if treads and risers are to
be tongued and grooved, and if
treads are to be returned on ends
and if right or left-hand end, and
if stringers are to be housed.
We can only work to measurements
given and if not correct we are in
no way responsible. Orders for Odd
work are not subject to cancella-
tion after order is placed in work.
Always accompany orders for Odd
items with pencil sketch, giving
all essential measurements.
This greatly increases service.

1. SUPER-STRENGTH is not merely a name given to our Riverdale 2 light full window screen, but this screen is superior in construction - sizes of wood used - mortise and tenon assembly - screen wire rolled in groove for a tight drum fit - screen mould flush with screen which adds to strength by preventing damage in Fall and Spring handling and storage, as our Super-Strength, flush mould construction is such that the moulding cannot be torn off or damaged in handling etc.

Have you looked on sheets 56A-56G? There is something new in store for you. Have you noticed that new flush door that is lighter and about 1/3 cheaper than the ordinary flush door? -- Look on sheet 32A. For a real bargain see back of sheet 85.

NOT MUCH CHOICE

Asked what he thought of the two candidates for the election, an enlightened voter replied: "Well, when I look at them I'm thankful only one of them can get elected."

Mary had a little dress,
Dainty, chic, and airy,
It didn't show the dirt a bit,
But gosh, how it showed Mary.

PERFECTLY SATISFACTORY

"Oh, let me be your idol, dear,"
He sighed with dreamy air,
"Just let me be your idol -
That's my one and only prayer."

"I don't know what to do with that son of mine. He's been at college two years and still keeps at the foot of the class."
"Why not make a chiropodist of him?"

"Indeed you may" she answered quick,
And then she further spoke;
"For you're like all real idols,
Mostly always broke."

"Did you hear about Mr. Gocfus the Bridge expert being the father of twins?"

"Yes, looks like his wife doubled his bid."

THE EXTERNAL FEMININE

Statistics show that more men than women have applied for the Old Age Pension. Naturally, it's only here and there you'll run across a lady willing to admit she's 65.

THE ACID TEST

Young man, if you can watch her eating corn-on-the-cob and still think she's beautiful - it's LOVE.

Queen Mary had to buy underwear for the family, as the Prince of Wales was yodeling in Vienna and got a little behind in his knitting.

COMPENSATION

When the last of your bank-roll leaves you,
And your fling of spending ends,
You get rid not alone of your money,
But of a block of "fancy" friends.

If it gets around that a girl believes the sky is the limit, she'll soon be taken up by every boy in town.

Fisherman: I tell you it was that long. I Never saw such a fish!
Friend: I believe you.

TO HIS DOG, every man is Napoleon;
hence the popularity of dogs.

FASHIONS OF 1936.

(1) According to prevalent opinion shoes will be worn with attractive perforations in the soles, and a background of vari-hued cardboard during the year 1936.

(2) Never wear gravy alone on a vest. If it should happen, due to unforeseen circumstances, that gravy alone should alight upon the clothing, eat egg the next meal; polka dots are in style this season.

(3) The most popular shoe styles this Spring seem to be the so-called "Snow" type, or the ever-popular "overshoe" model.

(4) The most popular material for coats this Spring seems to be a beautiful rubber cloth. This is very attractive.

(5) Prediction: Women's hosiery will have, as a new feature this year, a zipper down the side.

(6) Contrary to current rumor, (we beg to correct a popular, but erroneous belief) a "stiff shirt" is not a shirt worn by a corpse.

-Broadwalk Preserver-

AND WHEN IT COMES IT BRINGS GOOD CHEER.

All is cruel and hard and mean.
I will kill myself.
Such rotten grades, I've never seen
A pocket-book that was so lean,
A man, whose tongue so sharp and
keen;
I guess I'll shoot myself.

The gun is up too high to get
Where has went my chair?
I cannot find the bullets yet
Oh, gee, if someone I should met!
They'd think I sure was nuts, I
bet.
Again, where is my chair?

I'll look around; I'm still alone
Life is full of sorrow.
Would that I'd never left my home,
Nor that of Jane I'd made a loan
Wait! What is that? I hear the
phone!

I'll kill myself tomorrow!

-Dumb Blonde-

CONQUEST.

In prehistoric days when I would
meet

A dame I thought was rather neat
I'd grab her hair and grab her
feet

And take her home to cook my meat.

In King Arthur's day, of course
I'd fight a Knight, and then by
force

Take his lady and his horse
And never say from whence the
source.

Some years ago, when I was young
And F.D's praises still were sung
And Hitler still got yowls and
hoots

All I said was, "Hi, there, Toots!"

But now,

Force is out, and fights are crude
Freshness is considered rude,
All my trials have been booted.
And will I, perchance, by one be
sued?

Shall she, or shall she not, be
wooded?

"Who was that lady I seen you with
last night?"

"Don't say 'seen' --say 'saw'."

"Never mind my grammar."

"That wasn't my grammar, that was
my wife."

(In competition with Lady in Red)

--Beautiful Lady in Blue.

When a pretty girl starts climbing
the ladder of success, there's a man
at the bottom of it.

HOLDING THE SACK

"Everything that college men en-
dorse is not necessarily good."

"Why do you take that stand?"

"Because I have a check from one
of them."

"THE SUCCESSFUL SALESMAN"

"A real salesman is one part
talk and nine parts judgment;
and he uses the nine parts of
judgment to tell when to use
the one part of talk."

"What's the matter with the
boss' eyes?"

"They're all right as far
as I know. Why?"

"Well, I had to go to see
him in his office the other
day and he asked me twice
where my hat was, and it was
on my head all the time."

"The lightnin' bug is brilliant
But he hasn't any mind
He blunders through existence
With his headlight on be-
hind."

this sheet.

Half Size Window Screens with Slide

Screens are 3/4 inch thick, made of Clear Western Pine, with 16-mesh galvanized or 16-mesh copper bronze wire. In measuring take for width the distance between blind stops on window frame, and from window sill to top of center rail of window for height. Give WIDTH first. Sizes listed carried in stock for prompt shipment. OTHER SIZES can be made to order at price of next larger or write for prices. REMEMBER THIS: 16 MESH IS MORE COSTLY TO US BUT VERY ESSENTIAL TO OWNER.

Advantages of Half Sliding Screens

The housewife objects to upper window sash ventilation because it disturbs her curtains and draperies - so save the difference between full screens and half screens by buying our sliding half screens, which can be fitted and installed from inside of house - no ladders used. Easy to remove and replace when washing windows.

No fitting on the job required - anybody can install or remove them in just a moment-from inside the house. **OUR SCREENS ARE "ROT-PROOFED"**

DIRECTIONS FOR ORDERING WINDOWS AND SASH

Time, annoyance and expense can be saved by
noting and following closely the suggestions below:-

We will understand all ORDERS and INQUIRIES are
for Regular WESTERN SIZES and layout as described on
Sheets 5 to 16 inclusive, regardless of what locality
order is from unless specifically ordered otherwise.

If OHIO or INDIANAPOLIS Openings are required,
orders must clearly indicate so.

BE EXPLICIT IN ORDERING.

DO NOT ASSUME THAT WE KNOW WHAT YOU WANT.

Always give WIDTH first - LENGTH or HEIGHT second -
then THICKNESS.

Always use inches to designate Glass Size, and feet
and inches for Opening Size, that is outside measurement.

Viz: - 1 Sash 24x24 - 1 lt. 1-3/8" Glazed, OSM 2/4x2/5

Always state whether OPEN or GLAZED - otherwise we
will assume SASH, WINDOWS and DOORS with lights are
wanted - GLAZED.

Life says that people will never
stand for the return of the old-
time saloon; folks are having too
much fun in the present kind.

Waitress - "Here's your shortcake, sir."

Customer - "You call that shortcake?"

Take it out and berry it!"

- Miss S.A.L. Chicago -

"I've told thousands of women where to get off."

"You must be some sheik."

"No, I run an elevator in a department store."

Teacher - "Tommy of what use is cowhide?"

Tommy - "Well, for one thing it holds the cow together."

- Miss D. C. Springfield.

39 Years of Progress

DO YOU GUESS THE REASON?

ESTABLISHED IN 1897-RIVERDALE MARCHES ON

MOST OF THE IMPROVEMENTS IN LUMBER AND MILLWORK SALES IN 39 YEARS WERE INTRODUCED AND PIONEERED BY THE CHICAGO & RIVERDALE LUMBER CO. IT PAYS TO KEEP IN STEP WITH PROGRESS: YOU DO SO BY ADDING YOUR NAME TO RIVERDALE'S LIST OF 11,418 SATISFIED CUSTOMERS.

DON'T BE SCARED AWAY!

When a Contractor takes our Catalog to his local dealer and shows him our attractive prices, Mr. Dealer scares him by saying, "Oh, yes, but the freight you pay is a terrible amount." Maybe he adds some remarks about uncertainty of quality, etc., but TAKE OUR ADVICE, "Don't be scared away," and instead mail us your list of items chosen from our Catalog or from your plan and ask us for our freight paid delivered price. Freight really is a small part of the cost.-- We ship only best qualities and grades which is proven by our many repeat orders from satisfied customers.

Have you examined builder's Table of Stud & Brick Opening Sizes on Sheet 61. - It's valuable.

Peaved Wife: "You didn't kiss me goodbye at the train when I left yesterday."

Absent-minded Professor: "Why-er-er-my dear, I kissed somebody!"

The Balsa tree is the fastest growing tree known. Although the seed is little larger than a pin head, it often sprouts to a height of 75 feet and a diameter of 25 inches in five years.

SPECIAL CABINETS & WOODWORK

RIVERDALE'S FACTORY is equipped with modern electrically operated machinery and manned by expert woodworkers who through many years of practical experience can and do turn out special detailed difficult designs of all kinds of machined and assembled woodwork in a manner that pleases the most exacting Architects.

ELABORATE MANTELS OR MANTEL SHELVES made to fit your Brick or Stone.

FANCY SIDEBOARDS made to details and building measurements.

SPECIAL KITCHEN CABINETS made to details and building measurements.

STAIRS of Special detail, turnings, difficult arrangements.

COLONNADES - MEDICINE CABINETS - IRONING BOARDS - TELEPHONE NICHES.

BROOM CLOSETS - Special Cabinets of every kind and descriptions.

RIVERDALE makes Special Woodwork in any kind of wood that can be produced in the United States Markets - subject of course to securing such wood for your orders.

RIVERDALE recommends to its Customers:- Endeavor to persuade your owners to use RIVERDALE STOCK DESIGNS AND STOCK SIZES and thus hold down the cost of providing the owners needs to goods attractively priced. However, Special Woodwork while more expensive in production due to the excess labor spent in detailing, machining and assembly, is sold to you without adding in extra profits. Try us.

RIVERDALE does not confine its Special work to the above described items, but if it's WOODWORK - RIVERDALE makes it. Mouldings shaped to any design Ripping, Shaping, Bandsawing, Glueing, Mortising, Tenoning, Dadoing, Routing, Rabbeting, Cross-cutting, Planing, Sanding Sticker S4S or Patterns. Send your requirements to RIVERDALE for their attractive quotations. THEY GIVE YOU PROMPT SERVICE.

IF YOU DON'T SEE YOUR NEEDS IN THIS CATALOG, THEN MAKE A SKETCH OF IT AND SEND TO RIVERDALE. RIVERDALE WILL QUOTE YOU A PRICE ON IT.

HOW TO FIGURE PLANS

Some Contractor's avoid using Special Millwork by reason of the risk of figuring correct prices-the risk of correct manufacture etc. SEND PLANS TO RIVERDALE where we cheerfully study your blue prints and Millwork specifications and submit to you competent, intelligent quotations. Riverdale will furnish you materials as per plans.

A Candidate for the police force was being verbally examined. "If you were by yourself in a police car and were pursued by a desperate gang of criminals in another car doing forty miles an hour along a lonely road, what would you do?" The candidate looked puzzled for a moment. Then he replied, "Fifty."

We understand an enterprising housewife over on Congress Street has nailed the following notice on her front door:
 "Notice: To Whom It May Concern: When you bring my husband home, do not lean him against the front door. When I go out for the paper, he falls inside and scares me. Please lay him flat on the porch."

NEW ECONOMIES

In good old prosperity days, few
people heeded expenses in conduct-
ing the home. Today it's different.
Every owner is now economy conscious
and the Contractor in pointing out
the additional comforts obtained
through insulating the house besides
big fuel savings does sell consider-
able Evenaire-Mineral Wool Storm
Sash, etc.

THE DOUBLERS-UP

We lumbermen can thank the Lord
That folks are made the way they
be

As soon as someone can afford
A house, I know he'll come to me
And start to figure bungalows,
A cottage on some little street--
For folks can't double up, he knows,
And hope to keep their tempers
sweet.

Son's () He has tried to live with Ma
Or Pa to live with Daughter's man.
They've doubled up with Ma and Pa,
And they have found folks seldom
can.

Though Ma's all right, and Pa O.K.,
And glad enough a roof to give,
The doublers-up will find some day
That never is the way to live.

The doublers-up have doubled up
About as long as folks can stand.
They want a place to sit and sup
Without permission or command.
That's why I say it's looking bright
For lumbermen another spring,
When doublers-up will take to flight
And really start undouble-ing.

"What caused the explosion at
your house?"

"Powder on my coat sleeve."

Jones: "I've come to pay that
bill I've owed you for so long.
That letter you wrote me would get
money out of a stone. How did you
ever think it up?"

Creditor: "I didn't. I selected
the best parts from letters my son
sends me from college." -- Grit.

When everything seems up a STUMP
And Fortune is agin you,
Don't PINE, SPRUCE up
And show the world you've got good
TIMBER in you.

LASTING NAIL HINTS

NAIL HOLDING POWER OF VARIOUS SPECIES OF WOOD*

(7d. Cement-coated nails driven to a depth of $1\frac{1}{4}$ inches and pulled at once.)

	Average Holding Power for 1 nail When Driven Into:

* Extracts from Nail Holding Power Table prepared by the U.S. Forest Products Laboratory, Madison, Wisconsin.

Wire nails are made from wire which is cut in lengths on machinery and headed. Wire nails may be had barbed if desired.

Various coatings are often applied to nails as cement, for instance - since cement-coated (roughened surfaces) are higher in their immediate resistance to withdrawal than plain nails. Cement-coated nails hold tightly.

Zinc coating is a name used to indicate a process of galvanizing, nails being dipped into hot zinc making a thoroughly homogeneous coating. This coating should be thorough enough to withstand the abrasive action of driving and durable enough to last for the life of the nail.

For permanent installations pure copper nails are coming into use.

There is sufficient justification, when using a durable wood such as Redwood, to use a galvanized or copper nail which will give service for at least as long a time as the wood will remain in use.

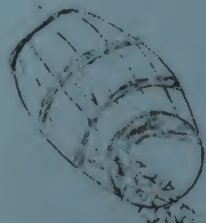

To illustrate: For shingling with Redwood Shingles, plain wire nails should never be used (since Redwood Shingles have a life of 25 to 50 years or more in place without deterioration.) Nails - zinc-coated by the hot-dipping process, or galvanized or pure copper nails should be employed as no roof is better than its nails. For re-roofing over old shingles practical experience has shown that 4 penny nails are the correct size to use; for new jobs a 3 penny nail is most commonly used. Galvanized or zinc-coated nails cost approximately 2 cents per pound more than ordinary nails and this slight added cost is easily justified with a high class and quality naturally durable wood, especially when used in exposed locations. A "rust proof" nail is a wise and economical investment.

It is a good practice to use only pure linseed oil instead of substitute in making up putty for use in nails set for puttying, since a common cause of rust stains showing through putty is attributed to such substitutes for linseed oil which corrode the head of the nail and allow putty to loosen from the wood. When this occurs, moisture enters readily and causes nails to rust.

MISUNDERSTOOD

Who hasn't had the experience of being unintentionally misunderstood?

Mrs. Jones was spending a day in bed with a severe cough, and her husband was working the back yard, and hammering nails into some boards. Presently his neighbor came over. "How's the wife?" he asked.

"Not very well," said Jones.

"Is that her coughin'?"

"No, you fathead," replied Jones, "it's a hen-house."

- Virginia Masonic Herald-

He: "Who spilled mustard on this waffle, dear?"

She: "Oh, John! How could you? This is Lemon pie."

A Kansas woman wanted a set of false teeth, and wrote to a Topeka dentist thus: "My mouth is three inches across, five-eighths thru the jowl. Some hummocky on the aige, Shaped somethin like a hoss shoe, toe forard. If you want me to be more particular I'll have to come up thar."

- Topeka Capital -

St. Peter was interviewing the fair damsel at the pearly gate: "Did you while on earth," he asked, "indulge in necking, petting, smoking, drinking or dancing?"

"Never!" she retorted emphatically.

"Then, why haven't you reported here sooner?" said Peter. "You have been dead a long time."

Tourist: "What's in here?"

Guide (leading the way into a morgue: "Remains to be seen, sir."

Bald Headed Man:

"You say this is a good hair tonic?"

Drug Clerk: "Very fine; we have a customer who took the cork out of the bottle with his teeth and the next day he had a moustache!"

Teacher: "Abie, can you tell us the difference between a stoic and a cynic?"

Abie: "Shure, teacher. de stoik brought our baby and ma washes him in de sinick."

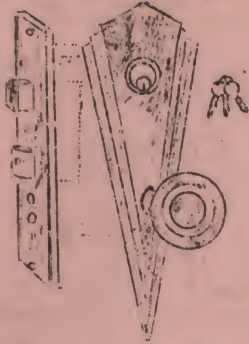

It was Pat's first day on the job as train-conductor. Forgetting the name of a station they stopped at; he shouted at the passengers,

"here ye are for where ye're going. All in there for here come out."

MISTER SIMPSON

We'll call him Mister Simpson--
Not that that was his name,
But some of the folks are still
livin' here
And I don't want to take any blame.

There wasn't a heap of this world's
goods
In Mister Simpson's lot,
But my! off there to the back of
the house
What a wonderful garden plot.

"Pinies" it was that he loved the
best,
At least he called them that,
White ones and red ones and pink
ones, too,
Chubby and cheery and fat.

The seasons were judged by those
"piny" beds,
As the neighbors passed, you'd
hear;
"My, but ain't Mister Simpson's
Pinies just grand this year?"

And every June he came around
To the neighbors he liked the best--
Just about evenin' he'd make his
call,
And with such a hearty zest.

And in his arms would be a great
bunch
Of his "pinies" stately and tall,
And when you tried to thank him
He'd say: "Shucks, 'tain't nothin'
at all."

Three Junes ago when our hill was
steeped
In the "pinies" heady breath,
Mister Simpson so quietly kept.
His rendezvous with Death.

But every year his daughters come
As their father loved to do,
And lay a great bunch of his
"pinies"
At the doors of the neighbors he
knew.

And I've thought: what a beautiful
heritage
When you've done with Life's
fitful hour,
To leave behind, all down the years,
The fragrance of a flower.

STATIC

There's a house I phone to every
day
Just to have a little chat,
But I'm finding it rather diffi-
cult
To strike a time that's "pat."

If I phone too early they're
listening
To Clara, Lou and Em;
If I try a little later,
It's "Painted Dreams" for them.

They're really pleasant people,
But it almost sets them snarlin'
If ever I chance to call them
when
They're enrapt with "Mary Marlin."

Right after luncheon, it's no go--
They're really a bit like quinces
Because, it seems, that is the
time
For the little chic "French
Princess."

I try a little later,
But they sound a bit contrary --
I have, it seems, horned in upon
The saga of "Bob and Mary."

And so it goes all through the day
They try to be polite,
But I know they're anxious to end
the chat --
It's Fred Allen's Amateur Night.

I'm going to fool these lovely
folks
And phone some morn at three--
But wouldn't it be my luck to
have
Them listening in on Paree?

Trouble's a ton or trouble's an
ounce;
Or trouble is what you make it:
And it's not the fact that you're
hurt that counts:
It's only---how did you take it?
-- Anon. --

Most of us can, if we choose
make this world either a palace
or a prison.
-- Lord Avery. --

METAL CORNER SHIELDS

For use with Beveled Sdg.

These shields are now rapidly displacing the ugly corner strip and the laborious mitering of corners. They are much in favor with smart contractors, as they not only save a great deal

on the labor charge, but also make a much better appearance.

Made of a heavy gauge galvanized iron, they are sufficiently flexible so that they can be bent to fit any angle. Come in 4 sizes for both inside and outside angles. State angle for which wanted.

The "Luck" that I believe in
Is that which comes with work,
And no one ever finds it
Who's content to wish and shirk.
The men the world calls "lucky"
Will tell you, every one,
That success comes not with wishing
But by hard work, bravely done.
- Eben E. Rexford -

It is my joy in life to find
At every turning of the road
The strong arm of a comrade kind
To keep me onward with my load.
And since I have no gold to give,
And love alone must make amends,
My only prayer is, while I live,
God make me worthy of my friends.
- Frank Dempster Sherman -

A man may call a spade a spade some
of the time, but not when he jabs
his foot against it.
If you are having a hard time mak-
ing a living think of what the
horse fly has to contend with in
this age of autos.

Bored Husband: "Let's have some
fun this evening."
Bored Wife: "O.K., and please
leave the light on in the hallway
if you get home before I do."

EVER TRY SNUFF?

"How can I Make anti-freeze?"
"Hide her woolen pajamas." - Sniper -

FIR PANELS

EXTRA PROFITS OR LABOR SAVINGS.

Contractor customers have developed so many economic uses for Fir Panels that they now buy panels in quantities of 1000 feet to 3000 feet each order.

WHY DO CONTRACTORS NOW BUY MANY PANELS

The attractiveness and superiority has created plenty of use for them - especially the low cost of Fir Panels, with many uses explained below answers this question. There is beauty and economy in the use of Fir Panels.

SOME USES FOR FIR PANELS

Space permits mention of only a few of the hundreds of uses for which Douglas Fir Plywood's unique characteristics have won it acceptance.

Crack-proof walls and ceilings
Garages and Lining
Wainscoting
Concrete Forms
Subflooring
Dust-proof Drawers and Drawer bottoms

Medicine Cabinets

CRACK-PROOF WALLS AND CEILINGS

Used for walls and ceilings, Douglas Fir Plywood gives crack-proof strength and a smoothly sanded natural-wood surface that takes any finish--natural-grain, paint, plastics or paper. Being both low in surface-foot cost and repair-free, this versatile material is more economical in the long run than lath and plaster, solid wood paneling, or any composition wallboard.

EVERY CONTRACTOR CAN STOCK AND USE FIR PANELS

This low cost Fir Panel is the outstanding improvement in Lumber in the memory of all living Lumbermen. Other industries maintain research departments and laboratories to create substitutes for our Lumber but in this one item, FIR PANELS AT COSTS LOW ENOUGH TO CREATE SALES, THE LUMBER INDUSTRY HOLDS ITS OWN. No substitute for wood really satisfies. They grain it, but it's still imitation.

A young choker setter, fairly well oiler, was on his way back to camp after an evening in town.
"Yes, sir," he explained to his companion, "I've driven this road so many times I know where every stump is."

Just then the front wheel hit a stump with a shock that nearly caused the driver to fall into the hands of a receiver.

"There," he continued triumphantly, "that's one of 'em now."

Another time when two heads are better than one is when you're tossing a coin.

Ajo: "Here's a fellow who has just patented a contrivance for preventing girls from falling out of rumble seats. What do you think of the idea?"

Goozlum: "I don't like it at all. It's just another move to displace men with machinery."

Bridge has developed into a great industry, with a turnover of more than a hundred million dollars. More than 2000 people make a profession of teaching the game. More 100 bridge books are published yearly.

A PLACE IN THE COUNTRY

Farewell to urban frenzy, to street
and town farewell!
On the great heart of Nature, our
yearning is to dwell.
Too long a time we've tarried amid
the city's strife.
We're going to live in the country
and lead the Simple Life.

Hippety-hoppety! Back to the soil!
For rural enchantments we hunger,
we spoil.
For fruit from our bough
Do our appetites quicken.
We want us a cow
And a bee and a chicken.
We'll delve in the earth and we'll
drink from a brimming pool.
(Remind me to see about tiling the
swimming pool.)

The cares of civilization we'll
banish from our minds.
(Would you have ruffled curtains or
plain Venetian blinds?)
The sun will shine upon us, con-
tentment fill our cup
When I have sent a man out to put
the awnings up.

So it's back to the soil with a
trowel and a hoe.

The food that we eat in our garden
shall grow.

Bean, lettuce and leek
Shall thrive in our borders,
And four times a week
The grocer leaves orders.

(I must lay a stock in of caviar,
canned.)

Oh, won't it be lovely to live from
the land!

Our fathers stormed the wilderness
and they were happy men,
So now, our hearts as rugged, we're
taming it again,
With ice instead of muskets and
rustless metal sinks
And colored peasant lunch cloths
and soda for our drinks.

And it's back to the soil when I've
seen about drapery,
Carpets and porch swings and
suitable napery,
Shades for the west rooms,
A spray for the weeds.

IF YOU DON'T SEE YOUR
NEEDS IN THIS CATALOG,
THEN MAKE A SKETCH OF IT,
AND SEND TO RIVERDALE.
RIVERDALE WILL QUOTE
YOU A PRICE ON IT.

I don't know which is more to
be feared, an honest politician
who is half-baked or a dishonest
one who is hard-boiled.

First Negro: "What fo' dat
doctah comin' outa youah house?"
Second Negro: "Ah dunno, but
Ah think Ah's got an inkling."

"And what," said the cannibal
chief in his kindest tones, "was
your business before you were
captured by my men?"

"I was a newspaper man," an-
swered the captive.

"An editor?"

"Only a sub-editor."

"Cheer up, young man, promotion
awaits you. After supper you
shall be editor-in chief."

- Miss E.P., Hinsdale

Fame is a vapor, popularity an
accident, riches take wings; only
one thing endures, and that is
character.

- Horace Greeley.

Soap in the guest rooms
And ash trays and seeds,
And a couple to make up a four-
some at bridge.
Then it's hey for the dell and the
blossoming ridge,
For the long days of labor, the
nights of felicity
And town to come back to when tired
of Simplicity.

Yes, ours is pioneering, complete
with silver spoon.
But we prefer it that way. And so
would Daniel Boone.

THE DOCTOR

The car roared over the darkened road. Grim and white, the surgeon sat behind the steering wheel of the speeding car. Would he arrive too late in his race against time? he asked himself.

He wanted desperately to reach his destination before it was all over. Only once before in his professional career had he lost a case. He was proud of his reputation as the best surgeon in the district.

At last he brought his car to a stop before a small cottage. A man emerged from the doorway of the cottage and hurried towards the car.

"It's all over, doctor," said he in a quavering voice.

"You don't mean--" the surgeon began.

The man nodded. "Yes, about five minutes ago. Come on and you can see for yourself."

The surgeon followed the man across the lawn. Their path was suddenly blocked by a giant oak which had fallen to the ground. For a moment the surgeon regarded it. Then he slowly shook his head.

The Davey tree surgeon had lost another case.

THE PEP TALK

The manager was speaking. "Kid," he said, "you've got the stuff it takes to get by up here in the big time and I've liked you ever since I saw you working out in that fourth-rate club and brought you up here. I know you are not going to let me down but lately you ain't been doing so well. There's a lot you've got to learn about this racket if you want to be the tops.

"When you are working out in private you look swell but when you get up before the crowds you start shaking like a rank amateur. You've simply got to cut out that wild swinging--it looks terrible. And you've got to get over the idea that you have to floor a man with one punch. The customers here want a run for their money. Now I know you can lay them all out cold but take your time and do a finished job of it feel your man out first and find out if he can take it.

"And another thing; hold your head higher and smile when you're putting one over. It always has an effect on the other fellow. You can do it, Kid.

"Now take this cocktail shaker and get out there and show them you're a real bartender.

FALSE ALARM

The absent-minded professor, hearing a noise downstairs jumped out of bed and shouted down from the head of the stairs;

"Who's down in that kitchen?"

"Nobody," the burglar called back.

"Well, that's funny," the professor muttered, "I could have sworn I heard a noise down there."

"Why is it your mother trusts us so seldom alone?"

"She knows me better than you do, John."

"Were you very ill with the 'flu, Rastus?"

"Ill! Man, Ah was so sick--ebery night Ah looked in dat obituwary list for mah name."

The Young Wife: "The new nurse is very scientific. She never lets anyone kiss the baby while she is around."

The Husband: "Who would?"
And the next day the nurse left.

My sweetest dream of perfect joy
and undiluted bliss is
To kill the guy who grabs the phone
and asks, "Ja know who this is?"

OUT FISHING

A fellow isn't thinkin' mean-
out fishin'
His thoughts are mostly good and clean-
out fishin'
He does not knock his fellow men,
or harbor any grudges then.
A feller's at his finest when -
out fishin'.
A Feller's glad to be a friend, -
out fishin'.
A helpin' hand he'll always lend,
out fishin'.
The brotherhood of rod and line
and sky and stream is always fine,
Men come close to God's design, -
out fishin'.
A feller isn't plotting schemes, -
out fishin'.
He's only busy with his dreams, -
out fishin'.
his livery is a coat of tan; his creed -
to do the best he can;
A feller's always mostly man, -
out fishin'.

HARDWOOD LUMBER GRADES.

Riverdale does not step up the grades on the lumber
you buy.. In hardwoods, Oak, Gum, Birch, Maple, and
Philippine Mahogany, etc., Riverdale contracts and
receives only F.A.S. First and Second Clear Quality
in such woods and inspects its lumber received very
carefully. This insures every Carpenter-Contractor
buying his Hardwood Lumber items from Riverdale
that a high grade First and Second Clear grade is
furnished to him in filling his orders.

You are assured excellent quality and unexcelled
service on your orders. Many of our Contractors
send us continually their hardwood order needs.
Have you tried Riverdale for HARDWOODS?

VARIETY STOCKS

Riverdale has manufacturing facilities covered by
none. Riverdale carries in stock a larger variety
of Building Millwork - Building Lumber - Roofing-
Hardware, etc. Better than any other similar
concern in the Central States.

FORMERLY DONE WITH A CLUB.

"How much are yer fish, Mr. Goldstein?" "Eight cents
a pound, Mrs. O'Brien." "I'll take two of them; how
much will they be?" "Let's see, they weigh eight
pounds and nine cents a pound...eight nines is
ninety-seven cents. Take 'em for ninety-five cents,
Mrs. O'Brien." "Thank ye, Mr. Goldstein, I'll do
that. Ye're always good to the Irish, I'll say that
for ye."

"Your husband seems to be a very brilliant man - suppose he knows most everything."
"Don't fool yourself he doesn't even suspect anything."

PAGE LUM AND ABNER.

A man went into a small country store. The only man in sight, presumably the proprietor, was enjoying his ease at the back of the shop, chair tilted back and feet on the counter, and made no move to come forward.

The prospective customer waited a few minutes, and then called: "Can't you serve me? I am in a hurry to get home."
The proprietor shifted his position slightly and drawled: "Couldn't you come in some time when I'm standing up?"

A BIT O' SCOTCH

Sandy: "Say mon, when is Annie McTavish goin' to let you marry her?"
Andy: "It's very uncertain, mon. Some fool gave her a big box of letter paper with her name printed on it. She won't get married 'til it's used up, and she writes very few letters on account of the postage."

A young lady and her aunt, returning home from work on pay day, were relieved of their money by a stick-up man. The young lady, rushing over to a policeman, exclaimed, "I've been robbed of my pay and my aunt's pay."
"Cut out the pig Latin and tell me what happened," the copper ordered.

"Remember, Bridget," said the lady to the new maid, "there are just two things I insist upon; truthfulness and obedience."
"Yis, Mum," said Bridget, "and when yez tell me to tell the callers that yer out whin yer in, which shall it be, Mum, truthfulness or obedience?"

Smart Young Man: (At boarding house.) "Is May in?"
Nice Lady: "May who?"

Smart Young Man: "Mayonaise."

Nice Lady: "Oh, Mayonaise is dressing."

SHE KNEW

The Traffic cop was hot and bothered-the temperament was hovering around the ninety mark and the humidity was, even more so. Also it seemed that the entire Junior League had been driving past the intersection - cutting figure eights and other things, the names of which are anathema to all good cops. The nice old lady driving an electric had just run by his stop signal. "Where do you think you're goin'?" the cop shouted. "Don't you know what I mean when I hold up my hand?"
"My Gawd," the old lady replied, lighting a Murad, I ought to, I've been a school teacher for twenty years!"

Suitor: I wish to marry your daughter, sir."

Dad: "Do you drink, young man?"

Suitor: "Thanks a lot, but let's settle this other thing first."

THERE MUST HAVE BEEN SEVERAL.

A Civil War Veteran had spent a week at a New York Hotel. When he went to pay his bill the clerk asked; "What was your rank?"

"Oh, just a private," the old soldier replied.

"Well I won't charge you anything you're the first private I ever met."

Customer in drug store (on Sunday morning) "May I have change for a dime, please?"

Druggist: "Indeed you can, and I hope you enjoy the sermon."

"Where do you work now?"

"I work for a pent house."

"You mean you live in a pent house."

"No, I mean I work for a pent house. I sell pent, you know, red pent, green pent, all kinds of pent."

Let this thought sorter sink deep into yer soul, that running a business without advertising is like winking at a girl in the dark. You know what you are doing, but nobody else does.

QUITE SPARING.

"After one kiss my boy friend goes half wild."

"Don't tell me a kiss from you is that exciting?"

No, but it's the only one I let him have."

"BECAUSE"

Because it rains when we wish it wouldn't,
Because men do what they often shouldn't,
Because crops fail and plans go wrong,
Some of us gamble all day long.
But somehow - in spite of all the care and doubt,
It seems at last, that things work out.

Because we lose where we hope to gain,
Because we suffer a little pain,
Because we must work when we like to play,
Some of us whimper along life's way.
But somehow - as day follows the night,
Most of our troubles work out all right.

Because we cannot forever smile,
Because we must trudge on the dust for a while,
Because we think that the way is long,
Some of us whimper that life's all wrong.
But somehow we live and our skies grow bright,
Everything seems to work out all right.

So bend to your troubles and meet your cares,
For the clouds will break and the skies grow fair;
Let the rain come down as it must and will,
But keep on working and hoping still;
For in spite of the grumblers that stand about,
Somehow it seems all things work out.

Doctor (after bringing victim to): "How did you happen to take that stuff? Didn't you read the sign on the bottle? It said 'Folison.'"
Ebenezer: "Yessah, but Ah didn't believe it."
Doctor: "Why not?"
Ebenezer: "Cause right underneath it was a sign dat said 'Lye!'"

WHERE SHOULD YOU BUY?

Should a Contractor buy his requirements from a dozen different sources of supply located in a dozen different cities or will it be greatly to his advantage to centralize his purchases and confine them to a choice few selected concerns who are equipped and organized to furnish his requirements in more able manner than the first named wide-spread supply sources?

Every Progressive Contractor wants to be very active promoting retail Sales and every minute devoted to extra office detail to extra time effecting purchases from many unnecessary sources that do not create extra profits, but do actually harm his business progress by lost time devoted to non-profit purchasing detail.

Why not try out a campaign of "buying most of your needs at Riverdale? RIVERDALE carries the largest variety of Building Lumber - Millwork - Roofing - Insulation - Hardware, Etc., in ILLINOIS - Has a large Factory for doing any Special Machining. RIVERDALE PRICES ARE ATTRACTIVE.

This will provide you lots of spare time to devote to planning and carrying out all of your pet Sales plans to create Sales.

It's hard to find a pair of friends that are entirely satisfactory to both a man and his wife.

OF COURSE

Jeanie's Auntie was expected, but just when she was due to arrive a telegram came.

The child's mother read it aloud:

"Missed train. Will start same time tomorrow." After her mother had put it down, Jeanie picked it up. Suddenly she began to laugh.

"Isn't Auntie really silly, mummy?" she said.

TWO KNOCKOUTS AT ONCE.

At a prizefight in Hartford, Conn., Mike Jarvis and "Codfish" Belsano stepped up to each other, toe to toe, glared into each other's eyes for a moment, then each swung a heavy right at the other's head. Both blows landed and both fighters were knocked out cold on the floor. Because Jarvis was the first to regain consciousness, the referee pronounced him the winner.

RELATIVELY SPEAKING.

The tired looking man sat facing the solicitor. "So you want a divorce from your wife," said the latter. "Aren't your relations pleasant?" "Mine are," came the answer, "but hers are simply terrible."

JUMPED AT CONCLUSIONS.

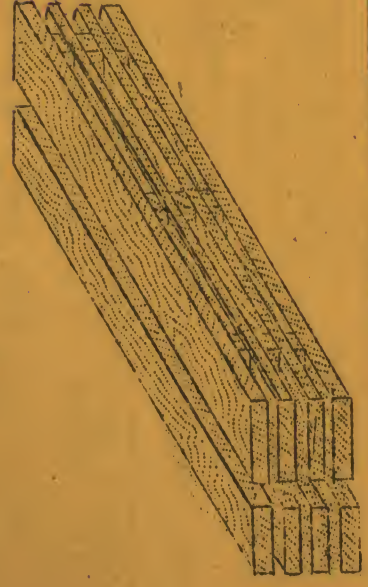

Employer: Heavens, man, that wasn't a collector you threw out then - he was a customer! Clerk: It was the second time I saw him here. A customer never comes here more than once.

"Why dear?" asked mother puzzled.
"Well, don't you see," said the child, "if she starts at the same time tomorrow, she'll miss the train again."

GOOD EITHER WAY.

Dinner was being served in a sedalia boarding house. The proprietress, bringing in a dish of soup, remarked, "It looks like rain."
"Yes, it does," replied the boarder, "but it smells a little like soup."

They've shortened the working day, but we couldn't find it's no easier to wake up at eight o'clock than at five.

If candy and roses don't thaw her out, try sulking.

"I hear that Admiral Byrd took his dog to the South Pole with him."

"Yes, I understand it was really the dog that first discovered the pole."

INVARIABLY.

Once I had a little bird

And his song

Was the sweetest ever heard;

He is gone.

Some cat got him.

Once I had a white pet mouse

Sane a mate,

Wiggly, dancing little mouse;

He is ate.

Some cat got him.

Once I had a sweetie beau

With a bus,

Lots of coin to spend, you know

I could cuss!

Some cat got him.

- Meow -

JUST LIKE HIM.

Tombstone Dealer (after several futile suggestions:) How would just a simple "Gone Home" do for an inscription?

The Widow: I guess that will be all right. It was always the last place he ever thought of going.

"Young man, I understand that you have made advances to my daughter."

"Yes, sir, I wasn't going to say anything about it, but now since you've mentioned it, I wish you could get her to pay me back."

"Isn't it strange that Princes and Kings

And clowns that caper in sawdust rings,

And Common folks like you and me,

Are Builders for Eternity?

To each is given a bag of tools;

A shapeless mass and a book of rules;

And each must make, ere life is flown,

A stumbling block or a stepping stone."

"See here, Tommy," said the teacher, "you mustn't

say, 'I ain't going to the picnic.' You must say,

'I am not going.' He is not going; 'They are not

going.' We are not going."

"Gee," replied Tommy, "ain't nobody going?"

The unconscious humor of some advertisements is indicated in the following selections:

Lost: A pound note by a working girl tied in a knot.

Wanted: A capable housekeeper able to milk cows,

to keep house for one.

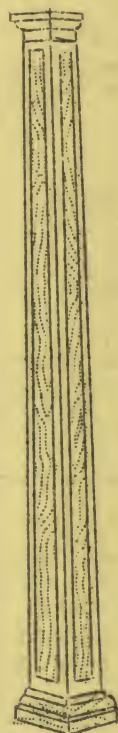

Lost: A fountain pen by a man half full of ink.

For Sale: Bulldog, will eat anything, very fond of

children.

Lost: A watch by a man with a cracked face.

SENSATIONALLY NEW

Riverdale does not ignore modern changes and demands.
We adopt all that is worthy - practical and progressive.

EXAMINE SHEETS 56-A-56B-56C-56D-56E-56F-56G

and study the worthiness of these new improved Frames, Windows, with or without its various essentials to give the more liberal owner full value when specifying this new improved construction and new design.

BUYING THE ABOVE IN "COMPLETE SETS" IS PRACTICAL

and is simpler and easier and less chance for errors -
So examine it all very carefully and adopt this new improved way of buying ---

"BUY AS COMPLETE SETS"

THE SIMPLE LIFE.

Senior: How are you getting along at home since your mother's been away?

Freshman: Oh, fine. Life is much less complicated. I can now put on my socks from either end.

DOMESTIC DIFFICULTY

"I made my husband fire our French maid today."

"Did he give her two weeks' notice?"

"Two weeks? Why, the beast has been noticing her ever since she came."

Doctor: "Your husband must be absolutely quiet. Here is a sleeping draught."

Wife: "When do I give it to him?"

Doctor: "You don't: you take it yourself."

"The business of a toastmaster is not to bore you with stories but to introduce to you some one who will."

-- Life. --

--SHE LOVES ME--

The lights are dim. There is a breathless hush; then the violins begin softly. The saxophones throb in low harmony. Underlying it all is the muffled thump of the drum-like beat of my heart. I take you in my arms--hold you close to me. I look tenderly down at you. Such beauty I have never seen before! You are a symphony of graceful curves--and your voice is like a clear, far-off bell. The music swells--you are in my arms--the beat of the drums becomes more insistent--the time has come! Slowly, gently, press my lips to yours. ----

GOOD OLD TRUMPET!

-- Ricardo. --

"I don't know why you married me. I assure you I was taken by surprise when you accepted me."

"No, Johnny, you weren't taken by surprise---I took you by mistake."

Sam and Rastus were discussing
Politics. Rastus was a rabid part-
isan of the incumbent.

"Well," said Sam, "Ah like him all
right, ah guess; but his platform
ain't no good."

"Platfo'm!" snorted Rastus. "Plat-
fo'm! Say don't you know that a
political platfo'm is jes like a
platfo'm on one of dese here street
cahs. Hit ain't meant to stan' on;
hit's just meant to git in on."

Wife: "You seem disappointed with
your package."

Husband: "Yes, I answered an adver-
tisement for a device to keep gro-
cery bills down, and the firm sent
me a paper weight."

Little George was trying to sell
his puppy to Mr. Jones. He enum-
erated the fine points of the dog
and emphasized the fact that it
was absolutely thoroughbred collie.
Mr. Jones: "You are sure it's a
thoroughbred. How many pups were
there in the litter?"

George: "Three - and they're all
thoroughbred. One is a police dog,
the other a bulldog, and this
one's a collie."

-Miss D.C. Jacksonville-

Tied the Wrong Animal.

Heine - "What became of that port-
able garage you bought last week?"

Adolphe - "I tied the dog to it
the other day and a cat came by."

A MODEL OF ORGANIZATION

The 1,600 people, 1,000 wild animals, and 700 horses that comprise the Ringling-Barnum Circus can eat a lot of food. The "Big Show" has its own lawyers, detectives, dentist, doctor, nurse, and a teacher for the circus children. On the average day, the following will be consumed by man and beast -

300 pounds of butter
300 gallons of milk
2,500 pounds of fresh meat
2,000 loaves of bread
35 bags of table salt
1,500 pounds of vegetables
200 pounds of coffee
250 dozen of eggs
100 dozen oranges
50 pounds of lard
50 tons of hay
350 bushels of oats

Inasmuch as the circus moves from day to day, all these goods must be at a given hour and place. The Ringling-Barnum show has a daily overhead, or what circus men call "the nut", of from \$10,000 to \$12,000 a day. Moving the show in railway cars from town to town is a problem which would give most business men the jitters, but the showmen take it in their stride.

The teacher had given little Johnny a questionnaire requiring four reasons as to why mother's milk was better than cow's milk. Johnny studied the matter carefully.

"Number one," he wrote. "It's fresher."

After another period of thought he wrote -

"Number two, it's cheaper." The thing was getting harder, but Johnny stuck with it.

"Number three," he put down. "Cat's can't get at it."

Then he seemed to be stuck. He thought hard, scratched his head and fell into another period of mental concentration. Finally he took up his pencil.

"Number four," he wrote triumphantly. "It is much easier to take on picnics!"

No one has ever complained of his parachute not opening.

ALL THE SYMPTOMS

Suitor - Pardon me, doctor, but last night your daughter accepted my proposal of marriage. I have called this morning to ask if there is any insanity in your family.

Doctor - There must be.

MISUNDERSTOOD

Smith - Since when has your son been an undertaker? I thought you told me he was a physician.

Jones - No, I said he was following the medical profession.

Judge - "You admit you drove over this man with a loaded truck?"

Driver - "Yes, your honor."

Judge - "And what have you to say in your defense?"

Driver - "I didn't know it was loaded."

In savage tribes, where skulls are thick

And primal passions rage,
They have a system sure and quick
To cure the blight of age.

For when a native's health has fled
And years have sapped his vim,
They simply knock him in the head
And put an end to him.

But we in this enlightened age
Are built of nobler stuff
And so we look with righteous rage
On deeds so harsh and rough.

For when a man gets old and gray
And weak and short of breath
We simply take his job away
And let him starve to death.

-- Blind Observer --

Nit - "Once there were a frog, a duck and a skunk that went to a circus. They let the frog and the duck in but why didn't they let the skunk in?"

Wit - "I don't know."

Nit - "Because the frog had a greenback, the duck had a bill, but the skunk only had a scent."

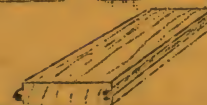

A slighted woman knows no bounds.

Anybody Out 'Em?

Mrs. Teawhiffle: "Did you change
the table napkins as I told you?"

New Maid: "Yes 'em. I shuffled
'em and dealt 'em out so's no one
gets the same one he had at
breakfast."

Hotel Proprietor: "Do you want
the porter to call you?"

Driller: "No, thanks. I awaken
every morning at six."

Proprietor: "Then would you mind
calling the porter?"

THOUGHTS

Thoughts are like people as they
come and go,
Strange, friendly, smiling, gentle
or unkind.

In crowds they walk the pathway of
the mind,
Some wave at us or stop to say
"hello."

They wander up and down and to and
fro.

Among them all both good and bad
we find,

One rushes by, another stays behind.
And each selects the ones he cares
to know.

A busy teeming city is the brain
Where thoughts attack the business
of the day,

Some for their work must dress in
garments plain,

Others are women colorful and gay.
As people hold and shape a nation's
fate,

So thoughts destroy a man or make
him great.

-- Author Unknown --

school I don't like; it's the
principal of the thing."

ONE OF THE HARDEST THINGS TO
MAKE THESE DAYS IS EASY PAYMENTS.

HOW TO ORDER

If you are now ready to send
us that order - don't hesitate -
Send it - the only important
requirement is that you send it to
us so described that we will ship
you exactly what you need.

Don't go into very elaborate
descriptions of items that we show
in our Catalog, but instead list
the quantity - the size - the
number of the design - and then
we have it all and if you wish to,
you may give Catalog page to
indicate still more definitely
what you have chosen and where
from.

On any items not so easy to
describe - maybe not listed in
our Catalog No. 76, give brief
description and give us a rough
pencil sketch if simple and easy,
as such many times more correctly
describes and conclusively shows
what is required more so than a
page of descriptive writing.

We do not ask you to use any
special printed order forms - send
the orders on your own letterhead,
or blank sheets, or write on the
bottom of any letter quotations we
may have sent or on any estimate
copy received from us - just so we
read that it is an order, that is
all we need.

For terms of payment, which you
naturally must mark on your orders,
please refer to sheet 3, on which
payment terms are listed, and choose
your payment arrangements and mark
them on the order or send check or
Postal Money order along with the
order.

When ordering Odd Sash or
Special Size Windows, always show
the outside measure of sash or
window that is the measure to fit
into the frames. List width first -
then height - Riverdale's Special
Sash department gives you real
snappy service.

ON THE FLY

Ten little flies
All in a line;
One got a swat
And then there were.....

Nine little flies
Grimly sedate,
Licking their chops --
Swat! There were.....

Eight little flies
Raising some more --
Swat! Swat! Swat! Swat!
Then there were.....

Four little flies
Colored green-blue;
Swat! (Ain't it easy!)
Then there were.....

Two little flies
Dodged the civilian --
And early next day
There were a million.

Some people die at thirty, but are not buried until eighty.

Hazel: "Now that you have looked over my music, what would you like to have me play?"

Henry: "I think we had better play cards."

I HEARD SAWING

One fellow said he understood
That business wasn't quite so good,
Another wrote me in a letter
That ev'rywhere the times were better.

One paper said that things were wrong,
Another better right along.
And I confess they had me guessing
If we were slipping or progressing.

And then I took a little stroll
To sort of calm my puzzled soul,
And there I came upon a fellow
Unloading boards all bright and yellow,
And heard a handsaw bite a knot
Where used to be a vacant lot.
Though some complain, and others slumber,
I heard a handsaw sawing lumber.

Well, some say this and some say that,
And some you can't tell where they're at,
Yes, some say one thing, some another,
But there's one sign that's certain, brother:
A saw can better tell a man
Than all the politicians can
How business is--and all their jawing
Can't change the fact that I heard sawing.

SKY-SHYSTER.

Jakie: Did you hear about Abie?
He had a stroke yesterday afternoon.

Ike: You don't say! So what happened?

Jakie: He hired a skywriter to advertise oriental rugs for \$100, and a cloud drifted over the last zero.

"What makes this meat taste so queer?" the bridegroom asked.

"I can't imagine," replied his bride thoughtfully. "I burned it just a teeny, weeny bit, but I put Unguentine on it at once."

"What under the sun is the matter with you, Pat?" said his wife, "running all over the house taking that medicine? Yesterday you were hopping around on one foot."
"Well," said Pat, "didn't the doctor tell me to take it two mornings running and then skip a morning?"

"When I meet a man whose name I cannot remember," Disraeli said, "I give myself two minutes; then if it is a hopeless case, I always say, 'And how is the old complaint?'"

Once a year a man takes a number of newsboys for an outing, going up the river where they can swim and bathe.

As one little boy was getting into the water, another said, "Say, you're mighty dirty."

"Sure," replied the other, "I missed the train last year."

YARD ENGINE BARRAGE OF VERBS.

A citizen of Dallas, Texas, who evidently lives near a railroad track, recently wrote an open letter to the officers of the road through the columns of the Times Herald. He didn't sign his name to the letter and will therefore be forgotten, but the letter itself will become a part of the picturesque literature of the land, to wit:

"Is it absolutely necessary, in the discharge of his duty day and night, that the engineer of your yard engine make it ding and dong and fizz and spit and clang and bang and buzz and hiss and bellow and wail and pant and rant and yowl and grate and grind and puff and bump and clink and clank and chug and moan and hoot and toot and crash and grunt and gasp and groan and whistle and wheeze and squawk and blow and jar and jerk and rasp and jingle and twang and clack and rumble and jangle and ring and clatter and yelp and croak and howl and snarl and puff and growl and thump and boom and clash and jolt and jostle and snort and snarl and shiver and scrape and throb and crink and quiver and grumble and roar and rattle and yell and smoke and smell and shriek like hell?"

"Beautiful and rich is an old
friendship,
Grateful to the touch as ancient
ivory,
Smooth as aged wine, or sheen of
tapestry
Where light has lingered, intimate
and long.

Full of tears and warm is an old
friendship
That asks no longer deeds of
gallantry,
Or any deed at all - save that the
friend shall be
Alive and breathing somewhere like
a song."

PRACTICAL ECONOMIES

In good old prosperity days few people heeded expenses in conducting the home. Today it is different.

Every owner is now economy conscious and the wise contractor in pointing out the additional comforts obtained through insulating the home, does not overlook explaining the big fuel saving that has been the real factor in creating sales of our $\frac{1}{2}$ " "Sure Comfort" Insulating Wallboard, Mineral Wool, Insulation, Storm Sash, etc. Contractors do a real favor to every owner they call on by spreading the news on such beneficial economies.

"SURE COMFORT" INSULATING WALLBOARD USES

As a sound deadening laid on sub floor with hardwood flooring or linoleum over the $\frac{1}{2}$ " "Sure Comfort".
As a roof insulation over roof decking and other roofing materials.
As attic insulation and attic plaster by nailing to roof rafters.
As substitute for plastered walls - as a plaster base. Tensile strength of $\frac{1}{2}$ " "Sure Comfort" is approximately 230 lbs. per sq. inch.
"Sure Comfort" is fire resistant.

He: "They tell me the colonel is a sexagenarian."

She: "The old reprobate! And at his age, too!"

New Parson: "Brudder Sam, how does yo' t'ink a sermon on 'De Widow's Mite' would set wid our congregation?"

Brudder Sam: "No, sah, Parson. Ah wouldn't preach dat sermon. We only got two widows in de congregation; and dey WILL!"

When things are at their worst,
they will mend.

A PUNK CIGAR!

"Have a cigar?" said the man with the smiling face.

"Don't mind if I do," said his friend. "But what's the occasion? Why this lavish display?"

"Oh, I've got an addition to the family."

"You don't say so? Congratulations!" said the other man, enthusiastically, as he put a match to his cigar. After a few puffs he observed, "About the fifth child, I should say."

SHORTS

It used to keep a girlie late
Trying to get her hat on straight
Now she's just as long, the dear
Trying to hang it on one ear.

You'll never have indigestion from
swallowing your pride.

SPECIAL WOODWORK

Mr. Contractor - When you are asked to quote on some special Church Windows and Frames - Special Woodwork for some Store or Store window Display Racks, do you know that Riverdale maintains a capable organization to quote on special Woodwork and has a completely equipped Factory at Riverdale operating daily -- all modern electrically operated machines. GETTING HER LESSONS

"And when Mrs. Gubbins sez you wasn't no lidy, wot did yer say?"

"I sez, 'Two negatives means an infirmity,' and I knocks 'er down. She is now in the 'orspital."

MELANCHOLY

The melancholy days are come --
The saddest of the year

It's a little too warm for schnapps
And a little too cool for beer.

"What's that I smell?" inquired the lady from the city as she sniffed the country air.

"That's fertilizer," answered the farmer.

"For the land's sake!"

"Yes, ma'am."

She: "I'll stand on my head or bust!"

Gym Instructor: "Never mind, Miss Miller, just stand on your head!"

"Is my face dirty or is it my imagination?"

"Your face is clean, I can't tell about your imagination."

SPECIAL BIDS

Our Catalog No. 76 is not a Chinese puzzle arranged with a lot of trick price problems, but instead you will find everywhere Clear - Concise - Definite Prices that show without a dozen extra additions or percentage discounts, etc. what our goods sell for to you NET - F.O.B. CHICAGO.

While we have arranged our prices so our customers can price their orders correctly, we do not wish to have you think we are not interested in making special quotations to you. On the contrary, we invite you to prepare a list of your Lumber and Millwork needs with all other building necessities we deal in and send it to us at Riverdale for our F.O.B. cars, your town price, freight paid by us. We mail out a large number of such bids to our customers every day. We invite you to give this a try-out on any and all items where you prefer to have your cost freight paid to your station.

If you have a plan or a rough sketch that shows exactly what Millwork you require a bid on, send such papers to us by mail and you will receive our bid with a carefully prepared list of the materials covered by our quotation.

We can furnish you with plans as advertised in former issues of our Catalogs - See Catalog No. 73, they are not costly. A bid covering all Lumber, Millwork and Hardware needed is sent with every stock house plan you buy.

On Architects specially prepared owners' home plans we are in excellent position to furnish your needs and solicit the privilege to quote on the Millwork which we select from your plans and on the Lumber listed by you and submitted to us.

"HELLALOOYA!"

Clear the tracks, you whippoer-snappers,
Out the way, you flaming youth!
Gangway, fashion plates and flappers!
Your old gran'dad's heard the truth.
From the old men's home he's hoppin',
Dancing like a crazy man,
Singing, shouting, "hell's apoppin"
Gran'dad's read the Townsend Plan.

He has painted up his crutches,
Polished up his wooden leg,
Gave his other tooth some touches,
Took his toupee from its peg.
Says he's found the youthful fountain
And the primrose path he'll seek.
He'll be coming round the mountain
Whoopee! Fifty bucks a week!

OAK FLOORING GRADING RULES

CLEAR - shall have one face practically free of defects except $\frac{3}{8}$ of an inch of bright sap. The question of color shall not be considered. Bundles to be 2 ft. and up, not to exceed 20% under 4 feet. Average length, 5 feet.

SELECT - may contain sap, and will admit pin worm holes, streaks, slight imperfections in working or a small tight knot, not to exceed one to every 3 feet in length. Bundles to be $1\frac{1}{4}$ feet and up. Average length 4 feet.

NO. 1 COMMON - shall be of such nature as will make and lay a sound floor without cutting. Bundles to be $1\frac{1}{4}$ feet and up. Average length 3 feet.

BUNDLING OAK FLOORING

Note: Oak Flooring is bundled by averaging the lengths. A bundle may include pieces from 6" under to 6" over the nominal length of the bundle. No piece shorter than 9" admitted. The percentages under 4' referred to above apply on total footage in any one shipment of the item. $\frac{3}{4}$ " allowance shall be added to the tongue on the end matching when measuring the lineal length of each piece of Oak Flooring.

Boss: Oscar, there will be a vacancy here soon and I'm thinking of giving your twin brother the job.

Oscar: My twin brother?

Boss: Yes, the one I saw watching the ball game yesterday when you were at your aunt's funeral.

Oscar: Oh, yes, I remember, I'll go hunt him up.

Boss: Good, and don't come back until you find him.

"Johnnie, how do you want to take this castor oil?"

"With a fork, please."

$3/8 \times 3\frac{1}{4}$ "	$11/32 \times 3\frac{1}{4}$ "	1x4

HOW TO ASCERTAIN AMOUNT OF HARDWOOD FIG. REQUIRED

To cover a certain space, figure the number of square feet which means the width multiplied by the length; for instance a room 12' wide by 15' long would contain 12 times 15 or 180 square feet. Add to the square feet of surface to be covered the following percentages:

50% for - - - - - $13/16 \times 1\frac{1}{2}$ "
33-1/3% for - - - - - $13/16 \times 2\frac{1}{4}$ "
33-1/3% for - - - - - $3/8 \times 1\frac{1}{2}$ "
25% for - - - - - $3/8 \times 2$ "

The above figures are based on laying flooring straight across the room. Where there are Bay Windows or other projections allowance should be made for additional flooring. It is always well to order 5% additional flooring to take care of floor layers' cutting and possible damage.

SHOPPERS' DELIGHT

She was very well dressed, and as she walked into the fashionable milliner's shop, the manageress herself came forward to serve her.

"I see by your advertisement," she said, "that you have just received two thousand hats from Paris."

"Yes, madam," the respectful manageress informed her.

"Good," said the girl, taking off her hat, "I wish to try them on."

"Has your wife changed very much since you married her?"

"Yes, - my habits, my friends, and my hours."

WILL ROGERS

It seems so very strange that
Death should seek him out
There in the bleak and barren
snow-locked night.
Him whose whole vibrant life was
so attuned
To crowds and laughter, music,
flowers and lights;
It seems so very odd that death
should come to him
On wings so swift, relentless, &
alone -
But that, perhaps, is as he would
have wished it.
No sadness of farewell - no
anguished moan.

Gay valiant soul, so human, so
alive,
So deeply understanding, whimsical
and true,
So forthright in his every word
and action -
As honest as the soil he loved
and knew;
With all the world so needing his
kind humor -
To think he had to feel that icy
breath -
But he was not afraid, of that
I'm certain,
He laughed at Life - I'm sure he
smiled at Death.

--Harvey T. Woodruff--

EULOGY

It so happened that I was standing chatting with an elderly gentleman when the distressing news of Will Rogers' death was told to us. The old gentleman sighed and said:
"Well, there goes the fun out of the movies for me."

Somehow or other, that struck me as just about as eloquent an eulogy as could be pronounced in a discourse a mile long. And it struck me, also, that Will would have liked it too.

--Harvey T. Woodruff--

IT'S EASY TO QUIT

"It is easy to quit!" Anybody can say, "The hill is too high" or "It's too far away."

Anybody can say: "I'm too tired to keep on,"

And stop half way there, but don't be that one.

Whenever life gives you a task hard to do,

Don't stop in the middle, but see the thing thru.

It is easy to quit! Any fool can explain

To himself and his friends why the struggle was vain.

It doesn't take brains when you start cutting loose

From a difficult task to think up an excuse;

There is always a plausible, soul-soothing lie

On the tongue of the chap who refuses to try.

BUNK--ER--LIES

First Caddy--"Listen here, Midnight, your man may win but my boss is richer than yours for he lights cigarettes with \$10 bills!"

Second Caddy--"That's nothing, Total Eclipse, my boss washes his feet with Gold Dust."

There are no truer, finer or more inspiring words in business than Honor, Quality, Strength, Service.

Fish-Story:-- A fisherman got such a reputation for stretching the truth that he bought a pair of scales and insisted on weighing every fish he caught, in the presence of a witness.

One day a doctor borrowed the fisherman's scales to weigh a newborn baby. The baby weighed forty-seven pounds.

The amount spent for tobacco in this country is said to be about equal to the amount spent for public education.

"Darling," asked the dumb bride making out the daily budget, "should the light bill be charged to 'current expenses'?"

SPECIAL WOODWORK

Mr. Contractor: When you are asked to quote on some special Church Windows and Frames - Special Woodwork for some store or store window display racks, do you know that Riverdale maintains a capable organization to quote on special woodwork and has a completely equipped Factory at Riverdale operating daily--all modern electrically operated machines. No order is too small or too large.

Nothing stimulates effort like a little honest appreciation expressed.

Some committees keep minutes--but waste hours!

CONTRACTOR'S PARADISE

When the building Contractor can, without hesitancy, assure his owners he builds for that all the Exterior Woodwork on the building is everlasting wood--Cannot rot or decay -- he is in Paradise. The great pleasure of speaking the whole truth and backing it up with Redwood Frames, Redwood Cornice, Redwood Exterior Mouldings, Redwood Lapsiding - All these are just that good - never rot - do not even require paint.

BORN THAT WAY

Prof., to student who has been late often--"When were you born?"
Stude--"The second of April."
Prof.--"Late again."

A teacher tells of an excuse which the mother of one of her pupils sent in the other day. It read: "Please excuse Charlie. He got wet in the A.M. and was too sick in the P.M."

RUBBER

They were skating in the rink Christmas Eve, and Liza fell down, flopped over, and came right up again in front of Rastus with remarkable ability.

"Did yo' see how quick ah recovered mah equilib'ium, Rastus?"

"Golly, yaas--almos' befo' ah noticed it was uncovahed!"

"The world steps aside to let any man pass who knows whither he is going."

--Old Italian Proverb--

CAN MAKE LARGER PROFITS SELLING RIVERDALE SCREENS
RIVERDALE SCREENS ARE CHEMICALLY TREATED - "ROT-PROOF"

1. SUPER-STRENGTH is not merely a name given to our Riverdale 2 light full window screen, but this screen is superior in construction - sizes of wood used - mortise and tenon assembly - screen wire rolled in groove for a tight drum fit - screen mold flush with screen which adds to strength by preventing damage in Fall and Spring handling and storage, as our Super-Strength, flush molded construction is such that the molding cannot be torn off or damaged in handling, etc.

The joke that always seems sparkling to George Ade concerns the man who, when asked if his wife was entertaining this winter, replied, "Not very."

The way to a happy home,
And never know the worst
Is, when the Sunday paper comes,
Let HIM see the "funnies" first.

"A man cannot directly choose his circumstances, but he can choose his thoughts, and so indirectly, yet surely shape his circumstances."
--James Lane Allen--

Do not falter or shrink,
But just think out your work,
And just work out your think.

FASHIONS OF 1936.

(1) According to prevalent opinion shoes will be worn with attractive perforations in the soles, and a background of vari-hued cardboard during the year 1936.

(2) Never wear gravy alone on a vest. If it should happen, due to unforeseen circumstances, that gravy alone should alight upon the clothing, eat egg the next meal; polka dots are in style this season.

(3) The most popular shoe styles this spring seem to be the so-called "Snow" type, or the ever-popular "overshoe" model.

(4) The most popular material for coats this spring seems to be a beautiful rubber cloth. This is very attractive.

(5) Prediction: Women's hosiery will have, as a new feature this year, a zipper down the side.

(6) Contrary to current rumor, (we beg to correct a popular, but erroneous belief) a "stiff shirt" is not a shirt worn by a corpse.

-Broadwalk Preserver-

AND WHEN IT COMES IT BRINGS GOOD CHEER.

All is cruel and hard and mean,
I will kill myself.
Such rotten grades, I've never seen
A pocket-book that was so lean,
A man, whose tongue so sharp and
keen;

I guess I'll shoot myself.

The gun is up too high to get
Where has went my chair?
I cannot find the bullets yet
Oh, gee, if someone I should met!
They'd think I sure was nuts, I
bet.

Again, where is my chair?

I'll look around; I'm still alone
Life is full of sorrow.
Would that I'd never left my home,
Nor that of Jane I'd made a loan
Wait! What is that? I hear the
phone!

I'll kill myself tomorrow!

--Dumb Blonde--

CONQUEST.

In prehistoric days when I would
meet

A dame I thought was rather neat
I'd grab her hair and grab her
feet

And take her home to cook my meat

In King Arthur's day, of course
I'd fight a Knight, and then by
force

Take his lady and his horse
And never say from whence the
source.

Some years ago, when I was young
And F.D's praises still were sung
And Hitler still got yowls and
hoots

All I said was, "Hi, there, Toots!"

But now,
Force is out, and fights are crude
Freshness is considered rude,
All my trials have been booted.
And will I, perchance, by one be
sued?

Shall she, or shall she not, be
wooded?

-A. Jayne-

THE LIFE OF A JOKE

Birth: A freshman thinks it up
and chuckles with glee, waking up
two fraternity men in the back row.

Age 5 Minutes: Freshman tells it
to senior, who answers, "Yeah, it's
funny, but I've heard it before."

Age 1 day: Senior turns it in to
the campus humor rag as his own.

Age 2 days: Editor thinks it is
terrible.

Age 10 days: Editor has to fill
magazine. Prints joke.

Age 1 month: Thirteen college
comics reprint joke.

Age 3 years: "Life" reprints joke
on "College Parade" page.

Age 10 years: Seventy-six radio
comedians discover joke simultane-
ously, tell it, accompanied by
howls of mirth by the boys in the
orchestra (\$5.00 a howl).

Age 20 years: Joke is reprinted
by Literary Digest.

Age 100 years: Professor starts
telling joke in class.
